

LED Disk Light

The ultra thin low profile LED disk light features driver-on-board technology and a flat back design and offers an accurate color rendering and high performance to produce a smooth uniform lighting effect whilst adding a great look to any commercial or residential space. This disk light can be easily mounted onto a junction box or can be retrofitted into an existing recessed can with a mounting adapter (not included.)

Features

High transmission white acrylic lens with excellent distribution and uniformity. Full distribution LED luminaire with 10 - 100% triac dimming, compatible with most triac dimming switches. 120V AC with Driver on Board Technology designed for a 50,000-hour life. Environmentally friendly product with no mercury or other hazardous materials rated for indoor wet locations.

Construction

Aluminum spun reflection with diffusion lens for official visual comfort while providing optional light output. Lens design and materials provide uniform appearance without pixilation.

Electrical

Equipped standard with 120V 10 - 100% triac dimming driver, operating at 60Hz.

Certification

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate ETL labels. Wet location labeling is standard. Emergency equipped fixtures labeled UL924. Adheres to LM70, LM80, and TM21 industry standards. Dedicated 120V Models are FCC Title 24 CFR, Part 15, Class B for residential and commercial applications. Dedicated 120V Models are FCC Title 47 CFR, Part 15, Class B for residential and commercial applications. California Title 24 compliant, JA8 compliant, CEC listed.

Warranty

5-year limited warranty. See complete warranty for terms and conditions (labor not included.)
