LED Glass T8 Hybrid Tubes (Plug & Play)

T8 Plug 'N' Play (Hybrid/Type A + B) features a dual mode internal driver that automatically adapts to with either ballasted fixtures or direct AC voltage formats. Simply plug it in and turn it on for energy savings over 40%! The product provides a natural lighting effect for use in general lighting applications, as well as instant energy savings – an environmentally friendly solution. LED T8 combines high-performance LEDs, highly-engineered optics to traditional T8 lamp form factors to bring you the most advanced line of LED T8 lamps on the market. Multiple lumen packages mean there is an LHT8 for your lighting needs.

Features

LED T8 Hybrid tube compatible with most electronic & magnetic ballasts & direct voltage compatible. Direct voltage works on any two pin combination which greatly simplifies the rewiring process. Instant start with instant energy savings. Environmentally friendly LED free of Mercury with virtually no UV or IR light.

Electrical

LED T8 bulb comes in 3500k, 4000k, or 5000k color temperatures. Average life is 50000 hours.

Certification

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate ETL labels. Wet location labeling is standard. Emergency equipped fixtures labeled UL924. Adheres to LM70, LM80, and TM21 industry standards

Warranty

5-year limited warranty. See complete warranty for terms and conditions (labor not included.)
