### LED Lantern Light

Integrated long life and high performance LEDs inside a weather resistant aluminum housing with a frosted glass diffuser for uniform illumination. The Lantern Light provides maintenance-free general and security illumination for outdoor use in residential, commercial, and hospitality applications.

### Features

Constructed of durable, weather-resistant black aluminum housing. High performance, long lasting LEDs provide 50,000-hour average life making the fixture virtually maintenance free. A high pocket corner window light. Optional dusk-to-dawn photocell automatically turns on at dusk and off at dawn for convenience and energy savings. Recommended for outdoor use.

### Construction

Rugged die cast aluminum housing withstands outdoor environments. Outer surface treated with durable power coating to provide resistant to corrosion, rust, weathering, and or degradation. Performance engineer internal heat dissipation fins provide superior thermal management for lens life and reliability. Lens design and materials provide uniform appearance without pixilation.

### Electrical

Equipped standard with 120V fixed output driver, operates at 60Hz.

### Certification

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate ETL labels. Wet location labeling is standard. Emergency equipped fixtures labeled UL924. Adheres to LM70, LM80, and TM21 industry standards.

### Warranty

5-year limited warranty. See complete warranty for terms and conditions (labor not included.)
