LED Ringed Light Vanity

The IRV series contemporary framed wall mounted vanity fixture is available in satin nickel and three sizes. Updated with the latest LED technology, the IRV is an elegant lighting solution that can be used in various applications including corridors and restrooms. Long LED life coupled with exceptional color rendering make this fixture attractive for new or retrofit projects.

Features

High-transmission (white) Acrylic lens with excellent distribution and uniformity. A direct replacement for fluorescent. NEC required disconnect is standard. Full distribution LED luminaire. Suitable for damp locations. Fixture may be mounted horizontally or vertically.

Construction

Contemporary styled fixture. Twin steel rings surround a milk white acrylic diffuse provides widespread and even illumination. Lens design and materials provide uniform appearance without pixilation.

Electrical

Equipped standard with a Triac dimming driver. Average hour life of 50,000 hours.

Certification

All luminaires are built to UL 1598 and 2108 standards, and bear appropriate ETL labels. Wet location labeling is standard. Emergency equipped fixtures labeled UL924. Adheres to LM70, LM80, and TM21 industry standards. Dedicated 120V models are FCC title 47 CFR, part 15, class B for residential and commercial applications. California title 24 compliant, JA8 compliant, CEC listed.

Warranty

5-year limited warranty. See complete warranty for terms and conditions (labor not included.)
