Your New Freedom. Everyday.

MADE 
IN 
GERMANY 

Now for the Australian #VanLife.

VanEssa Mobilcamping Germany was born of the desire to enjoy the freedom to explore the world in your everyday vehicle.

Weekdays, like you, your Volkswagen Multivan, Transporter or Caddy works hard.

On Weekends, your Volkswagen, with VanEssa, becomes your companion for sports, picnics and overnighting. Holidays and Touring are now a breeze with everything you need at hand, and yet it is still easy to park in town and find out-of-way spots.

Made In Germany. Discovering Australia.

Germany's most popular modular cabinet systems are now available in Australia. Designed and manufactured in Bavaria, Germany, we employ the latest high-precision CNC machinery and assembly equipment to ensure your new cabinets are perfectly crafted.

With local inventory, spare parts, advice and support, VanEssa helps ensure every journey is a smooth one.

#vwvanlife #kombilifeaustralia #yournewfreedom

#vanessamobilcamping #iLoveVanEssa

EVERYDAY.
WEEKENDS.
HOLIDAYS.

Modular. Flexible. Easy.

VanEssa's easy Lift-In/Lift-Out modular system quickly reconfigures your Multivan, Caravelle, Transporter or Caddy for every situation. Installation takes only a few minutes and you are ready for the weekend or holidays. For everyday, it takes only a few minutes to remove the VanEssa Modules, as if they had never been there.

VanEssa ensures your Volkswagen is ideal for work, rest or play.

Perfect for your, California, Multivan, Transporter, Caravelle or Caddy.

No matter your choice of Volkswagen, VanEssa Mobilcamping is ready to expand your horizons.

The Heart. The Kitchen.

VanEssa's Modular Kitchen systems ensure you have everything on hand, even off the beaten track. Protected by the large tailgate, you will find a generously proportioned kitchen workspace that is complemented with sink, efficient Dometic Waeco Fridge (CF-35), Portable Gas Cooker, 2 large draws for the pantry and crockery, and a special utensil draw. In addition, the popular Shower Attachment is optionally available.

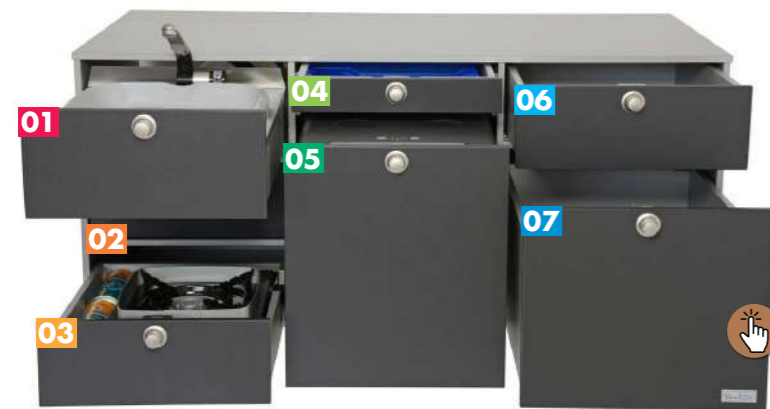

Everything at hand.

Carefully thought out, the VanEssa systems ensures everything is right where you need it, when you need it.

Did you know?

Our Camping Table (CT-80) is the exact dimension of the kitchen, fitting on and in the kitchen when travelling, yet providing space for 4 to dine in comfort. Another clever innovation from VanEssa.

- 01** Kitchen Sink with Tap and Optional Shower
- 02** Storage Draw
- 03** Gas Cooker with 2 Spare Bottles
- 04** Utensil Draw
- 05** Fridge - Freezer (supplied)
- 06** Crockery Draw
- 07** Pantry & Pan Storage
- 08** Removeable Water Supply (16L)
- 09** 12V Power Plug for Fridge & Sink
- 10** Securing Points

Model	Code	Dimensions
Multivan	V1 - 53	120.5cm (W) x 58.5cm (D) x 53cm (H)
Transporter	V1 - 56	120.5cm (W) x 58.5cm (D) x 56cm (H)
Caddy	V1 - 43	110.5cm (W) x 58.5cm (D) x 42.5cm (H)

* Multivan/Transporter/Caravelle configuration shown with optional Swiss-Dekor. Caddy Kitchen varies in height and layout.

Interior Modules. Convenient.

The optional Multi-function Interior Modules are ideal for longer journeys. Efficiently storing travel essentials, the VanEssa Interior Modules ensure everything will be quickly at hand. The base unit fixes to the floor and contains 3 well proportioned draws and a slide-out table. On top is a removeable Vanity unit with mirror and door-mounted holder for creams, brushes and other bathroom items.

Did you know?

You can remove the top vanity unit when not touring? This allows for better visibility around town, yet retains the convenience of the storage and working table.

*Optional

- 01** Removable Top Vanity with Mirror
- 02** Coat & Jacket Hook
- 03** Storage Draws
- 04** Slide Out Table
- 05** Large Storage Draw or Optional Toilet
- 06** Integrated Toilet*
- 07** Detachable Fold Up Office Desk*

Colour Selector.

- 01** Space Grey
- 06** Anthracite*
- 07** Swiss-Dekor*
- 08** Bulli Dekor
- 09** Schwarz Matt

The Space Grey finish will perfectly match your Volkswagen, but if you are looking for a particularly classy look; Anthracite, Swiss-Dekor or Bulli-Dekor will give your vehicle the designer look.

* Anthracite, Swiss-Dekor, and Bulli-Dekor are optional and available at extra cost. The print process does not allow for exact reproduction of the colour finishes.

Numbering of the colour options reflect the respective product code

NEW FOR 2019

The Arco System For Sports Enthusiasts

The revolutionary new Arco System opens opportunities to enjoy this great country like never before.

No longer is storing valuable or long sporting equipment a concern. Featuring a full length storage facility along one side, long items such as bikes, skis or boards can be stored along side the slide out kitchen.

The new pull-out kitchen mounts directly to the Multivan rail system, and despite it's compact dimensions, retains all of the features we have come to expect from VanEssa mobilcamping.

Delivered as standard with a generous single bed directly behind the kitchen, a perfect night's sleep is waiting after a great day on the bike or board.

Options include expansion to a full width double bed, as well as a heavy duty slide-out under the double bed.

Flexible Options

- Single Bed with Kitchen
- Double Bed Expansion
- 2nd Heavy Duty Slide & Double Bed

Optional Upgrades

Expedition Ready 95 Litre Twin Fridge Freezer

Double your cooking capacity with a Primus Kinjia Twin Burner Stove

- 01 Arco System
- 02 Kitchen System includes 28L Fridge & Water Supply 13L
- 03 Kitchen system retracts fully on Heavy Duty Slide
- 04 Sleep System retracts for travel in Captain's Chair
- 05 Full Double Bed System clears the Captain's Chairs

Frequently Asked Questions

Q: Will the Arco System work with the Multivan middle Captain's Chairs?

Yes - the Arco system is designed to work when the chairs are present and folded over when configuring the bed. Either one or two Captain's Chairs may be present depending upon your storage requirements. It is also ideal to install a front passenger seat swivel.

Q: May I use the Triple Seat with the Arco System & Sleep System?

Yes you may! The Arco system has been specially designed to work with the Triple Seat in the upright position for travel whilst the Arco system is in place. Through loading capacity will be constrained in his configuration.

The Compact Kitchen. Meet Oslo.

The Oslo is the ideal modular kitchen system for compact spaces, cool climates and active sportspeople.

The Oslo features a full size Compressor Fridge, cooker, sink with fresh water and grey water storage, full-depth drawer and utensil drawer and 2 tables.

Did you know?

The Oslo is named after Norway's Capital City. Norway's beautiful landscapes encourage travel, but the cold climate ensures the Oslo System is perfect year round.

Direct and fast access to your mobile, glasses, keys etc - close at hand next to your roost.

NEW FOR 2019/2020

Packbags. Ingenious.

Use every corner of your T5/T6 for additional storage room. The Packbags organize, darken and insulate your van at the same time. They perfectly fit into the rear car window and are adapted to the size and depth of the rear window. The install just takes seconds - thus you can take the bag out quickly and easily for your workaday life. Due to a carrying handle you can carry the bag to your home or hotel and use them as suitcase: packing the bag at home and slip them quickly inside the Multivan.

Specifications

- Weight:** 2.8kg per bag,
- Volume:** 47 litres per bag,
- Loading:** 20kg maximum per bag

Also available in dark grey to match Anthracite finished interior modules.

NEW IN 2019

Now also available in contrasting Anthracite

Did you know?

Our Packbags are manufactured by Germany's leading Mountain Sports Outfitter - Vaude. Vaude is famous not only for their lightweight and durable outdoor clothing & equipment, but also their commitment to the environment. Vaude is working to the strict environmental bluesign® standard since 2001, which controls the entire textile manufacturing chain and was also the first Outdoor company to receive EMAS certification. Sustainability Report is found here: <http://bit.ly/VaudeECO>

The Sleep Systems. Perfect for you.

VanEssa's Variable Sleep Systems guarantee the perfect night's sleep wherever the road may take you. All Sleep Systems perfectly fit with the rear Kitchen Module, however, are also available as a bed-only system. Standard as a wide double-bed for Multivan or Transporter (143cm x 190cm) and Caddy (115cm x 190cm), single bed variations are also available. Our Mattress is specially designed for comfort as the breathable Dual Layer Memory Foam contours perfectly to your body. It is also finished in a highly durable material that perfectly matches your Volkswagen.

Did you know?

The legendary VanEssa mattresses are especially researched and designed to provide maximum comfort, durability and practicality. The hard foam + soft-memory foam, fleece wrapper and ventilation holes ensure a perfect nights' sleep.

The California DreamCamper.

When space is what you're after.

The California has everything you love in a Multivan with so much more. Yes, of course you can use this van for your everyday errands and people moving, but this vehicle shows its true value on vacation. Check out the standard factory inclusions below and you'll discover the travel gem the California is for yourself.

Why the California for the vanlife?

Well, have a look at the standard factory inclusions:

- Manual or electric elevating roof
- Two side windows and panorama front opening window in popup roof
- Fully sprung loft bed (1,200mm x 2,000mm) with comfortable mattress
- Integrated camping table and two folding chairs
- Wind-out awning
- Driver and passenger swivel seats
- Privacy glass in the passenger compartment
- Blinds on windows
- Available in both front wheel drive (7 seater) or 4MOTION (5 seater)
- Second underseat battery
- Programmable diesel heater

Frequently Asked Questions

Q: Can I fit interior module and rear kitchen?

Yes - if you use 4cm shorter mattress

Q: Can I swap the windout awning to the other side?

Yes - with special KombiLife parts

Q: Can I prepare my California for offroad use?

Yes - there are suspension, protection, recovery, tyre and communications upgrades available.

Q: What is the roof weight limitation?

50kg for either Manual or Electric roof, open or closed.

The Multivan MultiCamper.

**Perfect for Everyday.
Perfect for Holidays.
Perfect for Life.**

The Multivan is the 'Swiss Army Knife' of vehicles - the most adaptable vehicle on the market. Driving like a regular car, under 5m long*, and seating up to 7 - the Multivan is full of possibilities.

How do we make an ideal Weekender and Tourer from the Multivan?

The Perfect Recipe

Ingredients	Method
2 x Removeable Seats	Remove Captain's Chairs
1 x Triple Seat	Slide Triple seat for a Day Sofa
Seat Rail System	Bolt in VanEssa Kitchen
Full Interior Lining & Insulation	Place Mattress on top of kitchen
VanEssa Rear Kitchen	Lay Triple Seat Flat
VanEssa Deluxe Folding Mattress	Pull out mattress and relax

* in Short Wheelbase (SWB) Form

Why the Multivan? And why for camping?

We love the Multivan as it is an affordable, safe and fully appointed luxury vehicle with extreme flexibility. The Multivan is ideal for camping as it is fully lined in the floor, walls and ceiling back at the factory in Germany, keeping you warm in winter and much cooler in summer. Further, the Multivan has windows all around creating a light and airy feel. Of those side windows, 2 open for ventilation, and 4 enjoy integrated blinds.

The Multivan. 3-in-1. Van. People Mover. Campervan.

Frequently Asked Questions

Q: May I retain all 7 seats whilst the kitchen is in the Multivan?

Yes - 7 adults may be comfortably seated.

Q: Is it possible to make the bed with all 7 seats in the Multivan?

Yes - it is tight and it's easier when captain's chairs are rotated.

Q: Can I remove the kitchen easily?

Yes - unbolt from the rails and slide out (with some drawers removed is easier).

Q: Can I easily remove and the replace the captain's chairs?

Yes - no tools required with the seat folded over and grabbing the armrests it is possible.

Frequently Asked Questions

Q: Do I require rear seats in the Transporter to make a bed?

No - the rear seats are not required to create the bed system

Q: May I use a lower kitchen system to create more headroom?

Yes, you may use the lower 53cm or 42cm kitchen system creating more headroom

Q: Do I require a hard floor in the Transporter?

No, you do not require one unless installing the Interior module. A Hard Floor may be retro-fitted for SWB or LWB Transporters.

Most Popular Configurations.

VanEssa systems suitable for Caddy Beach as well as accessories like awnings.

Frequently Asked Questions

Q: May I remove one or both middle row seats?

Yes - the VanEssa Sleep system is independent of the seats.

Q: What bed configurations are available?

A single bed, a double bed, or a single with double extension

Q: Is the bed length the same in the Short and Long Wheelbase Caddy?

Yes, the bed length is the same, at 189cm.

Q: Which is better - the Short or Long Wheelbase Caddy?

It comes down to personal preference of vehicle length, however, a Short Wheelbase Caddy with rear seats removed will provide as much storage as Long Wheelbase with rear seats still in.

Movin' on Up. The iKamper SkyCamp Suite.

Travelling with friends and family is possible with the addition of the 'SkyCamp Suite' from iKamper.

Available for 2 people or 4 people, the innovative, award winning iKamper Roof Top Tents add a whole new dimension to camping.

We chose the iKamper SkyCamp Series for the following reasons

Innovative Thinking & Award Winning Design - Roof Top tents have endured slow variation over the decades, however, iKamper burst onto the camping scene in 2017 becoming the most successful outdoor crowdfunding project ever, raising USD\$2.37m in 45 days. That year the first 1000 iKampers were shipped across 46 countries. iKamper continues innovate with the new 2x and X-Cover and recently won the coveted German Red Dot Design Award

Protection - the unique clamshell design keeps the wind out and you warm. Refer to video 1.

Durability - Exceedingly strong and robust design and extensive testing ensure the iKamper is prepared for our conditions - Refer to video 2.

Attention to Detail - it is the little things that sometimes make all the difference.

Roominess - The SkyCamp 4x compact size opens up to a huge living room like space with great headroom

Quick - The SkyCamper Setup and Set Down times stunning - 1 or 2 minutes up, and 3 or 4 minutes down at the most.

1 Minute Setup

01 Interior iKamper X-Cover
02 Caddy 5 with iKamper Mini

It's all in the details.

AERODYNAMIC & EASY TO INSTALL

All Skycamp models will look great on your vehicle. Plus, it's aerodynamic so helps with fuel efficiency.

At 120lbs (55kg), the Skycamp 2X is lightweight and easy to install on most cross bars on the market.

Customisable: Choose the colour of your hard shell and the accessories you want for the best camping experience..

DURABLE HONEYCOMB ALUMINUM FLOORING

The Skycamp's floor is made of high-performance honeycomb aluminum panels that are lightweight and strong enough to hold a 1.8-ton Jeep Wrangler!

The flat, insulated aluminum panels will give you a much more comfortable night's rest than the rocky, cold ground.

With 4 colors available, choose the one that matches your vehicle best.

1-MINUTE SETUP

Park your car and set up your Skycamp in just 60 seconds. Really, it's that fast.

ATTENTION TO DETAIL

Details DO matter. We care about the small things too.

The Skycamp is manufactured & assembled in-house with love, making sure we get each detail right. Every Skycamp is certified to the highest international standards, with ISO 9001 (Quality Management) and ISO 14001 (Environmental Management) certification.

Pictured on the left are the Hard Shell Locks, keeping nosy people out of your tent while you're away.

300GSM POLY-COTTON CANVAS

The Skycamp tent is made of breathable, water-resistant poly-cotton canvas. To really keep you dry, it also comes with waterproof zippers and a rain fly for extra protection.

The problem with most tents is that the thin polyester has a vinyl coating, making it less breathable and increasing condensation. The Skycamp's thicker, heavier canvas will keep you dry, and it's also quieter in the wind.

SLEEPS UP TO 4 PEOPLE

The iKampers enjoy the most room of all with room for up to 3 adults or 2 adults and 2 children (4x & X-Cover) and space to leave your bedding inside when closed (2x and 4x).

CHOOSE YOUR COLOUR

Rocky Black

White

#vwvanlife #ikamper

Did you know?

The 2X is our most popular tent as it can be closed without removing your pillows and blankets making pickup even faster.

SkyCamp Mini

Sleeps up to 2 adults

The SkyCamp Mini offers the same quick setup (1 minute!) as the SkyCamp, but in a shorter expandable hard shell: perfect for the bed or cab of your truck, for a smaller vehicle, or for saving space on your roof.

Specifications:

Mattress - 128 x 205 x 5cm Super High Density Memory Foam

Ladder - 230cm (standard) - optional 260cm (Long) - 290cm (XL Add-On)

Closed: 145 x 138 x 32cm

Open: 145 x 210 x 115cm

Gross Weight: 57kg

Roof Rack Requirement: 57kg

SkyCamp 2x

Sleeps up to 2 adults

The SkyCamp 2x follows the design of the 4x, but without the fold-out floor, creating a full double bed and outstanding headroom.

Specifications:

Mattress - 193x130x5cm Super High Density Memory Foam

Ladder - 230cm (standard) - optional 260cm (Long)

Closed: 218 x 138 x 32cm

Open: 218 x 138 x 110cm

Gross weight: 55kg

Roof Rack Requirement: 75kg

SkyCamp 4x

Sleeps 2 adults + 2 children

The original SkyCamp 4x changed the game when it became possible to sleep up to 4 people on the included King Size Mattress. The innovative clam-shell design with fold-out floor creates space to sleep across the vehicle whilst also create a protected area under the tent.

Specifications:

Mattress - 190x210x5cm Super High Density Memory Foam

Ladder - 230cm (standard) - optional 260cm (Long)

Closed: 218 x 138 x 32cm

Open: 218 x 210 x 110cm

Gross weight: 72kg

Roof Rack Requirement: 75kg

iKamper Accessories

Annexe

Add more living space to your Skycamp so you can spread out.

Awning

Protect your family from heat and rain and make your adventures even more comfortable.

Anti-theft-lock

Lock the nuts of the Skycamp mounting brackets to prevent would-be thieves from taking your tent off your car.

Wind Deflector

Streamline your Skycamp when you're on the road to reduce wind resistance and save on gas.

Outer Storage

Hang this storage unit off the side of the Skycamp and store your camping gear, toiletries or cooking utensils.

Shoe Rack

Keep your shoes (and tent) dry and mud-free with this hanging shoe rack.

Annexe Room

Add covered standing space beside your vehicle attached to your iKamper.

Inner Insulation

Keep out the winter chill by adding a warm inner layer to your Skycamp.

Power Up. Fridges & Fans, & LED Lights. Good Times await.

Camping is a time to be together and enjoy the outdoors - day and night. Whether at a powered camping site or free-camping, a good electrical setup is a must.

Camping Power 101: Best Practice

When camping, there will be numerous electrical demands including;

- The Fridge (how long will it run is our most commonly asked question!)
- Recharging those phones and laptops :)
- LED Lighting in the tailgate or awning
- A fan, swivelling or otherwise, for those hot summer nights.

Best practice suggests that (a) everything in the van should be operating off 12 volts (12V) and (b) that 12V supply should be isolated from the starting battery when stationary.

It is our job to keep the 12V healthy and happy so everything runs as expected.

How do I keep my 12V system healthy and happy?

It is highly recommended to (a) install a second (auxiliary) battery and (b) ensure we can recharge it effectively.

100Ah Battery	AGM Deep Cycle	Lithium Phosphate LiFePO4
Weight Saving	31kg	12.2kg
Greater Life Cycle	500-800 cycles @ 50% discharge	2000-2500 cycles @ 80% discharge
Flat Discharge Curve	Drops below 12V quickly	Remains above 12V longer
Fast Charge Curve	Full Charge 8 hours	Full Charge 2 hours
Low Self Discharge	80% after 4 months	80% after 8 months
Increased Capacity	DoD @ 50% = 50A	DoD @ 90% = 90A
Battery Management	Separately wired	Integrated - Bluetooth

*Source: Victron Energy & Sealed Performance

Like your mobile after a long day, your VanEssa appreciates a PowerBank :)

- Hubert Vollert

INVICTA LITHIUM BATTERIES

Invicta is a premium range of batteries developed by SPB, a company with over 25 years experience in energy storage. The Battery consists of high quality Lithium Iron Phosphate (LiFePO4) prismatic cells that have been encased in aluminum and utilises an integrated BMS, solid busbar connectors and a strengthening frame in order to withstand tough environments.

Bluetooth Monitoring

What sort of second battery do I need?

Depending upon your vehicle ownership (leased or owned) and expected touring, portable second batteries and permanently installed second batteries are available.

Further, a choice of conventional Deep Cycle (AGM) or newer Lithium Phosphate (LiFePO4) Batteries are available for the portable or permanent setups.

How do I recharge my second battery?

1. During driving - The vehicle alternator charges the auxiliary battery via a DC-DC Charger
2. Plugging in to 240V when at a powered camping site
3. Connecting a solar panel on a sunny day

You can choose one or all of these options, and some portable solutions contain all 3.

- Strengthening frame to resist damaging vibrations
 - Can be installed on either of their sides (not upside down)
- Less than half the weight
 - Faster recharge
 - More efficient use of capacity
 - Can sit unused for up to 12 months
 - 2 x more runtime
 - Up to 10 years life

This wheel arch kit creates an off-road look for your VW T6 & T6.1 Transporter / Multivan / California

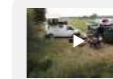

Be prepared. Find Anywhere with Front Runner.

Legend has it that Front Runner was conceived between a 1988 Land Cruiser 70 and a 1992 Mercedes G-Wagen in Botswana, around a campfire, near a majestic Baobab, amongst elephant tracks, by a handful of friends from South Africa with backgrounds in engineering, design, manufacturing and off-road racing.

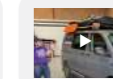

After suffering through numerous equipment failures on their expeditions around the world, they decided to take their shared passion for vehicle based adventure travel and dream up new, smart gear and build it stronger than... well, as they put it, "stronger than the elephants at the watering hole 1 click over."

Front Runner Roofrack & Accessories

Made in Germany. Precision. Durability. Quality.

The VanEssa Mobilcamping factory in Bavaria, Germany, crafts every cabinet with the most modern CAD-CAM processes on the latest laser-accurate machinery. Over 200 individual parts that make up every rear kitchen are assembled with millimetre exact precision, guaranteeing every draw and every door, opens and closes perfectly everytime. You expect nothing less.

5 year Guarantee. Designed to last.

MADE 
IN 
GERMANY   5
 YEAR
 GUARANTEE

VanEssa Mobilcamping Australia is here to help you at every step of the way, from initial advice and selection through to after-sales support. All parts manufactured in our facility in Bavaria, Germany enjoy a 5-year guarantee. Third party products such as the Waeco Portable Refrigerator (3 years on parts, 5 years on the compressor) and Portable Gas Stove (12 month warranty) are warranted by their respective manufacturers, however, we are happy to help facilitate any assistance required. Spare parts are stocked in Australia should they become required, so that you will be on the road again in a jiffy.
