MFJ MISSION

The mission of the Move For Jenn Foundation is to offer grants in the form of activewear prosthetics to those who have suffered the loss of a limb to sarcoma or other affiliated diseases. Since most activewear prosthetics are **not covered by insurance**, the foundation bridges the financial gap, **allowing amputees to return to the active lifestyle they enjoyed prior to amputation.**

The Move For Jenn Foundation also aims to find a **cure for sarcoma** through providing grants for **targeted sarcoma research**. Along with funding activewear grants and sarcoma research, our foundation **strongly believes that all patients should have access to the care that they deserve.** Our advocacy program works directly with patients and their families to provide information about the best treatment options available.

Prosthetic grants, targeted research, awareness, and advocacy are the core objectives that make the Move For Jenn Foundation unique.

STATISTICS

- 15-20% of all childhood cancers are sarcomas
- 13,000 new sarcoma cases are diagnosed each year
- 5,000 people die each year from sarcoma
