PREMIUM COCKTAILS ON DEMAND™

FIRST OF ITS KIND

Introducing Bartesian, the first ever cocktail maker to use capsuled flavors with your choice of spirits for premium cocktails at home.

CLASSIC & SIGNATURE COCKTAILS

Four classic cocktail capsules are available including Cosmopolitan, Margarita, Whiskey Sour and Sex on the Beach. Additionally, enjoy two signature drinks including the Uptown Rocks and Rum Breeze. New premium cocktails are arriving in 2019 – Old Fashioned, Sazerac, Boulevardier, Manhattan, Long Island Iced Tea and more.

INGREDIENTS INCLUDED

All you need to add is the liquor (and water as needed). Select your spirit of choice and your Bartesian capsules provide the rest. Containing a mix of juices and bitters, one capsule combined with the corresponding liquor produces a professional tasting cocktail in seconds. The Bartesian is equipped with interchangeable reservoirs to store your favorite spirits for ready-to-make drinks at your convenience.

ELEGANT DESIGN

The Bartesian has a European inspired design featuring a textured finish and stainless-steel accents. It will fit perfectly on your counter, bar cart or pool deck, adding a modern look to any space.
