

BARTESIAN

PREMIUM COCKTAILS ON DEMAND™

PREMIUM COCKTAILS ON DEMAND

The Bartesian® Professional has perfected the high-end cocktail at home. New and enhanced features raise the bar with an intuitive touchscreen, elegant design and bottle lock. Easily make premium mixed cocktails in seconds without the expense of buying mixes, flavors and syrups. Just add spirits of choice and one of the 50+ Bartesian cocktail capsules available. The Bartesian will read the unique barcode on the capsule, suggest proper glassware and craft anything from a mocktail to a double strength cocktail.

EXCLUSIVE BOTTLE-LOCK

A solid metal handle with keyed access helps secure bottles in place. This locking mechanism limits access to spirit bottles, reducing breakage and allowing for easier transport.

INTUITIVE AND SLEEK DESIGN

From the stylish touchpoints and effortless capsule latch to the LED light that highlights each cocktail as it's crafted, the Bartesian Professional makes every drink an event. Five glass bottles are provided that can be used for tequila, whiskey, vodka, rum or gin.

LESS TIME CLEANING, MORE TIME ENJOYING

Make a Cosmopolitan right after pouring a Manhattan without worrying about flavors mixing together. The automatic rinse minimizes cleaning and keeps cocktails tasting fresh every time. Bartesian capsules lift out for easy removal and glass bottles are dishwasher safe.

DETAILS

Bartesian Professional: Premium Cocktails on Demand (Model 55306)

MSRP: \$449

Availability: August 2022

PRESS KIT

FLAVORFUL, INSPIRED COCKTAIL OPTIONS

Bartesian's 50+ library of cocktails capsules offers an ever-growing range of mixologist approved choices. The 100% recyclable capsules are dated for freshness and contain precisely measured, real fruit juice concentrates, bitters and extracts.
