

Product Installation Sheet

Product Name - Vegetable & Fruit Single Side Rack HBR - 3002

SKU: HBR-3002

- *These are the following steps to fix the Vegetable & Fruit rack*

STEP 1

Keep all together the base of the vegetable rack according to the design and fix them with screw which is being provided with the item.

STEP 2

Take the bottom board and put the black round rod between 2 holes which is both side on the end of the board.

STEP 3

Fix this board at the bottom on both faces of the vegetable rack with the provided installation kit.

STEP 4

Take the largest shelf and fix this on the same side the rack where you fix all of the above steps and **MAKE SURE THAT IT SHOULD BE FIT BETWEEN THE BOTH SIDES FROM THE BOTTOM RACK.**

STEP 5

Take 2 black rods (Square shape) for one side and fix them with screw for the 2nd shelves. Follow the pictures shows below for better assistance.

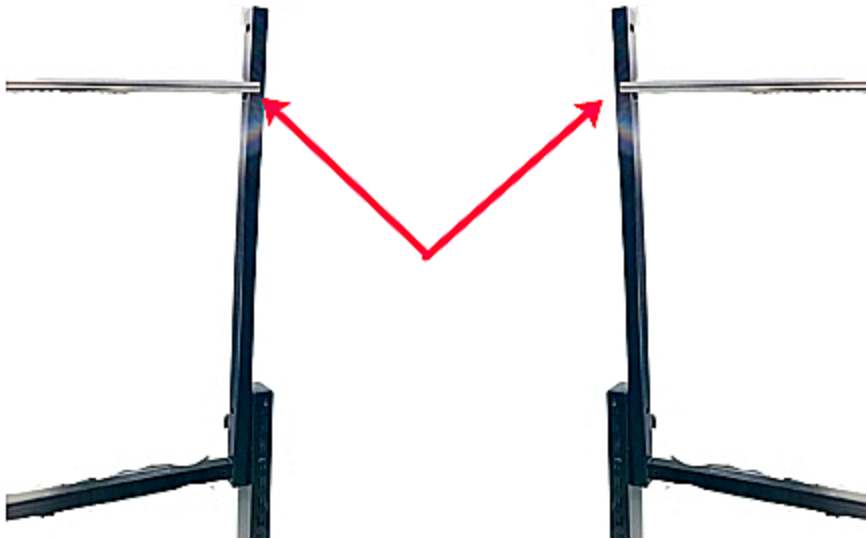

It should seem like the same way which the picture shows below to provide support for 2nd shelves.

STEP 6

Take the steel rod (round shape) and fix on the round hole which is on the black rod on the both side. This is for to put price tag on the top of the rack so the customer can see the prices for different items. you'll get a better idea from the below picture.

STEP 7

The next step is fixing the shelves support brackets. Take the each brackets and fix them according to your convenient size with the help of shelves bar. **MAKE SURE THAT ON SHELVES BRACKET, THE PART WHICH SHOWS MORE SPACE, IT MUST BE LEAVE OUTSIDE TO FIX THE 2ND LEVEL SHELVES.**

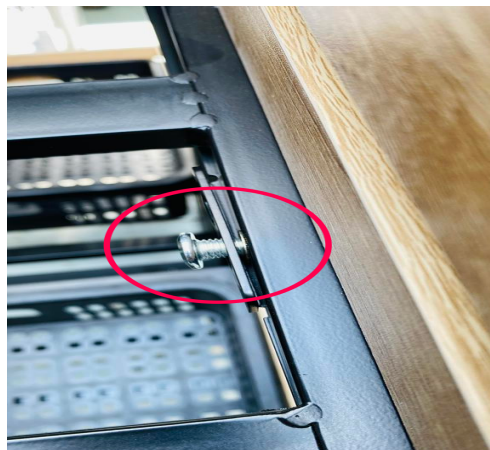

STEP 8

Take the smaller shelf and fix this on the same side the rack where you fix all of the above steps and **MAKE SURE THAT IT SHOULD BE FIT IN THE SHELF BRACKET.**

WHILE YOU FIX THE SHELVES WITH THE HELP OF SHELVES BRACKETS, MAKE SURE YOU FIX THE SCREW ACCORDING TO THEIR SPACE AND SIZES. (ONE SIDE SHOULD BE SMALL SCREW AND ANOTHER SIDE JUST REGULAR ONCE.)

AND HERE IT'S YOUR VEGETABLE & FRUIT SINGLE SIDE RACK
