

50" CHEF GRAB AND GO OPEN AIR COOLER

STP-5034HU

DESCRIPTION

The STP-5034HU grab and go refrigerator is the ultimate merchandiser for delis, coffee shops, and bakeries.

This grab and go refrigerator commercial machine elegantly displays your product to boost impulse sales and increase your profitability.

Simply turn on the top LED lighting and watch your products come to life from every angle.

Use the low temperature lower section to showcase your customer's favorite grab-and-go treats.

While the top section provides a curved glass bakery or deli display area, with lift up glass for easy cleaning.

A convenient digital controller allows you to access the refrigeration temperature, anti-fog, lighting and other features in a nice display.

Bring this floor display case to your establishment and give your impulse sales a boost.
