

Product Specification

SW B13792	CDA 12-A 200 (High Purity n-Heptane 99%)
-----------	---

PROPERTY	SPECIFICATION
Appearance	Clear thin liquid
Color	Colorless, ≤ 15 Pt-Co
Odor	Characteristic of product
Suspended matter	Substantially free from particulate
Specific gravity @ 60°F	0.785 – 0.793
Water content, % (ppm)	NMT 0.2 (2000)
Identity (GC)	Compares to standard
Typical Properties (not reported)	
Ethanol, %	95.8
n-Heptane, 99%	4.2

*CDA 12-A (n-Heptane) is prepared according to TTB formula 27 CFR part 21.26.
The formula contains 100 gallons ethyl alcohol and 5 gallons n-heptane.

*This product meets USP monograph specifications and is approved KOSHER – Pareve. NO USP Class 1, 2, 3 or other residual solvents are used in manufacturing or handling. Shelf life recommendation: Retest one (1) year from above date to confirm fitness

for use.
