

# TRAPEZOID STAKE DOWN KIT ASSEMBLY INSTRUCTIONS

#### **ABOUT THE STAKES**

The Trapezoid Stake Down Kit is used for hard ball impact and to stabilize the cage. If you are expecting winds please remove your net. Netting will act like a sail, and create tremendous strain on the framework.

## TRAPEZOID STAKE DOWN KIT INSTRUCTIONS

#### **BEFORE YOU BEGIN**

Read these instructions fully before starting the assembly process. Please make sure you have all of your parts and pieces. If not, contact our customer service.

### What's Included

35ft 55ft 70ft

(10) Kinked Stakes (14) Kinked Stakes (16) Kinked Stakes

#### 1) Install Stakes

Orient the stakes approximately perpendicular to the legs. Hammer stakes into the soil using a mallet/hammer until the hook of the stake enters the hole in the end of each pole.
