# Virtual Easter Egg Hunt

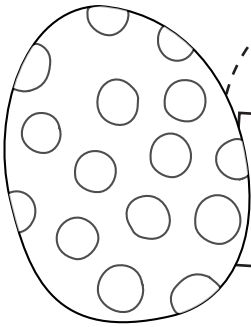

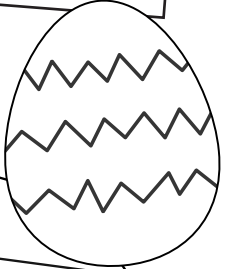

Where LS fans gather in the most *\*important\** of places, head to this group in the Book of Faces! Then find the post you use for size — that's where you'll spot this egg-y prize.

Nestled near videos short & funny, hop over to this social platform, little bunny!

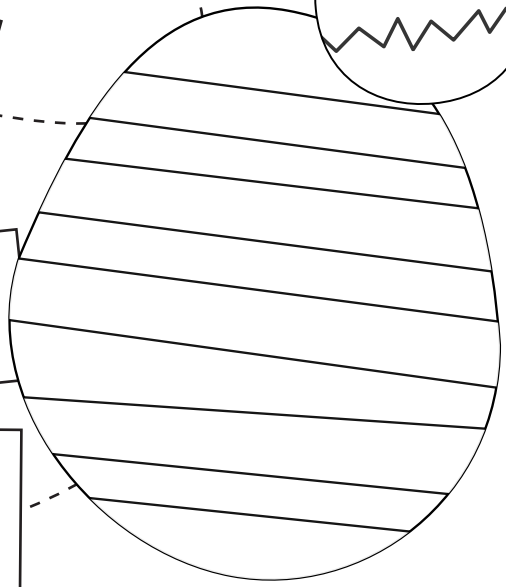

Stories, feed or reels? This app has so many places with egg-y appeal.

Pin it here, pin it there. The egg is only in one place, but inspiration is everywhere!

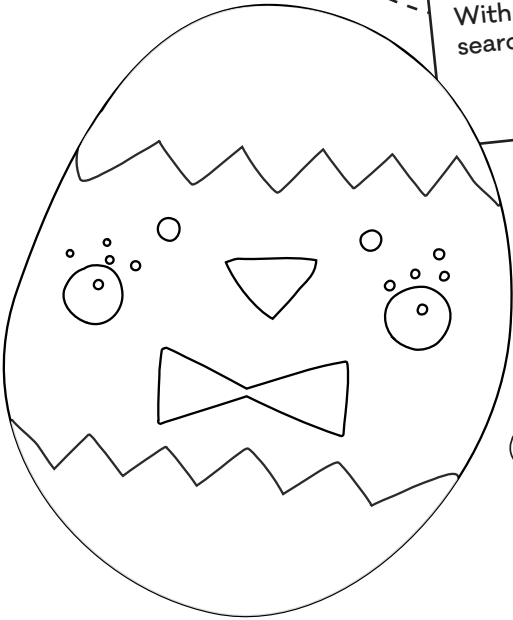

Where you head to learn or read, this page has all the Little Sleepies knowledge you need!

With so many styles and sizes, we made a tool to search. That's exactly where this egg is perched!

Head to this navigation bar to head to Sleep, Sale, or Play. Find the next egg, then be on your way!

Like Dorothy once said, there's no place like home. We placed this egg on the one we call our own.

We made these bundles to make gifting a breeze! Head to this page to find the next egg with ease.

Wrapped in the softest fabric you'll find the very last one. It's time to celebrate, you're almost done!
