LET'S GO

Colugo Bug Net

Instructions May 2020

INDEX

3. Compact Stroller Without Canopy Zipper

4. Compact Stroller With Canopy Zipper

5. Complete Stroller

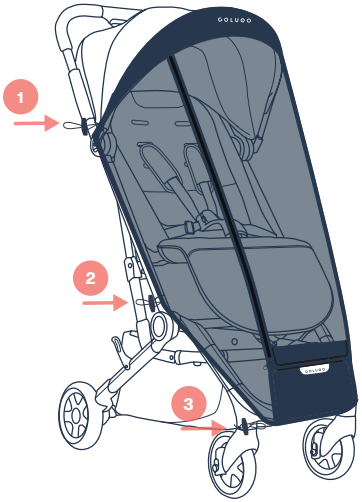
WARNING: Never leave child unattended. Always keep child in view while in the stroller.

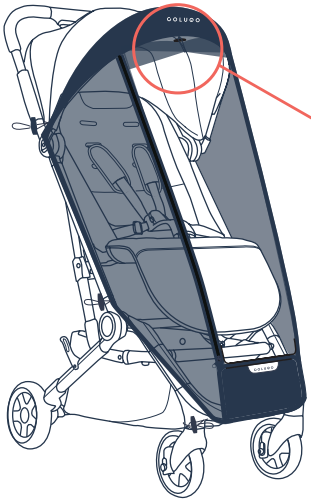
COMPACT STROLLER WITHOUT CANOPY ZIPPER

1. Fasten the first set of toggles just above the canopy hinge. The bug net is lined up correctly if its Colugo logo is directly over the Colugo logo on the canopy.

2. Fasten the second set of toggles just above the lower hinge.

3. Fasten the third set of toggles below the wheel lock and above the wheel joint.





To create a window, unzip the front panel and roll it up. Use the toggle at the top of the bug net to secure it in place.

PRO TIP: Use the toggles' inner loops to ensure the right fit.

PRO TIP: Undo all toggles before folding your stroller.

PRO TIP: If your canopy is extended, just pull the bug net back one panel and you're good to go.

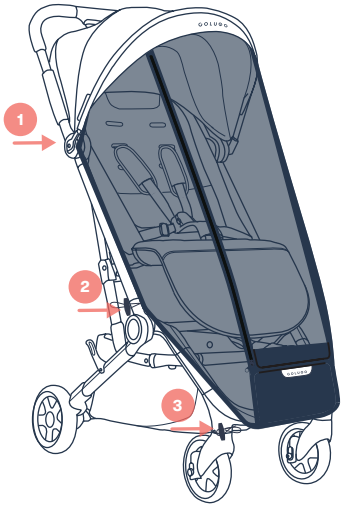
COMPACT STROLLER WITH CANOPY ZIPPER

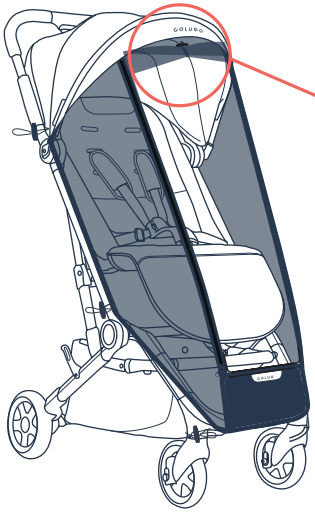
ZIP OFF TOP PANEL OF YOUR BUG NET (You won't need it!)

1. Zip the bug net into the stroller using the zipper that's underneath the canopy.

2. Fasten the first set of toggles just above the lower hinge.

3. Fasten the third set of toggles below the wheel lock and above the wheel joint.





To create a window, unzip the front panel and roll it up. Use the toggle at the top of the bug net to secure it in place.

PRO TIP: Use the toggles' inner loops to ensure the right fit.

PRO TIP: Undo all toggles before folding your stroller.

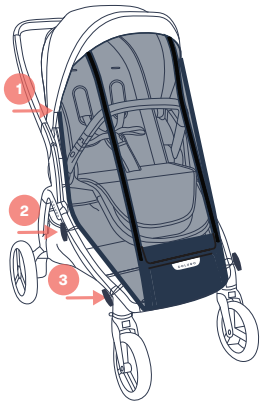
ZIP OFF TOP PANEL OF YOUR BUG NET (You won't need it!)

SEAT FACING OUT

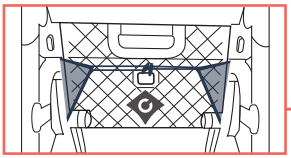
1. Zip the bug net into the stroller using the zipper that's underneath the canopy.

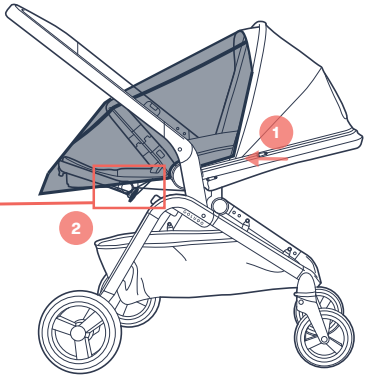
2. Fasten the first set of toggles below the Colugo logo.

3. Fasten the second set of toggles right above the front wheels.



PRO TIP: Use the toggles' outer loops to ensure the right fit.





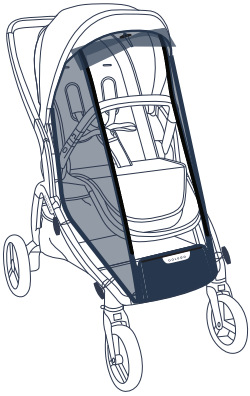
SEAT FACING IN

1. Zip the bug net into the stroller using the zipper that's underneath the canopy.

2. Connect the toggles under the seat. Loop toggles into each other as shown.

CREATING A WINDOW

Unzip the front panel and roll it up. Use the toggle at the top of the bug net to secure it in place.



PRO TIP: Undo all toggles before folding your stroller.
