August Special - Buy 1 Get 1 Free

Bye Bye Diaper Rash

Indications: For the temporary relief of skin rashes, itching skin, sores, swelling, inflammation, red and swollen skin, scaling and painful burning of the skin.

- Apply this medication without touching the baby's affected skin
- Fast relief for the baby without the use of any chemicals
- Natural antimicrobial support against skin infection
- Immediate protection and rapid healing of the skin with the Omega-3 oil base
- Edible ingredients will not harm baby if accidentally swallowed

Skin Relief: Bye Bye Diaper Rash is a natural homeopathic topical medicine containing ingredients from both plant and marine sources, without the use of any chemicals. This product will quickly sooth the skin, protect the skin, and promote the rapid repair of the affected skin. This product is equally effective for the very young and the elderly.

Conventional diaper rash treatment may be greasy, messy, and difficult to apply. Some contain chemicals that can be harmful to the infant if absorbed through the skin or inadvertently touched and swallowed. Almost all conventional diaper rash products must be applied by hand, which can further irritate the sensitive affected skin areas.
