**RE: Suspension of Operations
Mines and Plant**

To Whom It May Concern,

Pacer is temporarily suspending operations of all Pacer mines and plant effective November 1, 2023. While we appreciate your business, we are not able to fulfill orders placed after October 22, 2023 as we have notified administrative agencies of our intention to suspend all mining activities. Attempting to fulfill orders after the above-referenced effective date would violate regulatory requirements. During this period of suspension of services, our accounting office will remain open and operational to address your concerns over billing or account status.

We would like to thank you for your partnership over the last several years. If you have any questions, please contact General Manager Ryan Fredsall. As Pacer retools, we will do our best to keep you up to date on our status and we hope to supply your business needs again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark Dooley". The signature is fluid and cursive, with a large, looping "y" at the end.

Mark Dooley
