KILOTECH
Easy to use reliable scales

VANTA

Need a robust scale that's refined to look great in your store?

The Vanta is designed to be tough with attention to aesthetics and details that enhance the user experience.

K852192	VANTA 15	15 kg x 0.005 kg	888960521922
K852193	VANTA 15P	15 kg x 0.005 kg	888960521939
K852194	VANTA 30	30 kg x 0.01 kg	888960521946
K852195	VANTA 30P	30 kg x 0.01 kg	888960521953

Key features

- Its black housing in hammered cast alloy is extremely durable and complements your store décor.

- Both front and rear screens can be angled for easy viewing from various viewpoints, so counter height, lighting angles and employee height are never an issue.

- Heavy gauge, food grade stainless steel platter is hygienic and easy to clean.

- The thick silicon keypad is designed for long wear and is easily removed for daily cleaning.

- The Vanta's power transformer is concealed in its own compartment, built into the bottom of the scale, with only the wire exposed to streamline the look of your counter.

- The label compartment is right under the platter, so changing labels is a breeze. With no bulky printer drawer to pull out, the smaller footprint lets you use your counter space for impulse buying products!

- Prints quickly and quietly, enhancing your and the customer's experience.

Wouldn't you rather spend your time selling than constantly training new staff?

The Vanta is designed to be intuitive, easy to use and easy to train your staff on, especially with high turnover. The scale is completely menu-driven using full descriptive sentences. No more time spent trying to figure out codes and keystrokes.

Can't read code? No problem, Vanta uses words.

PLU programming is intuitive, menu-driven and uses complete words, whether you are programming directly on the scale or using the PC software. Your time is too valuable to spend on learning code.

- Easily set discounts on products at the global, PLU and target weight levels.

- Set up PLU's faster with Copy and Paste functionality.

- Easy "Add up" function for when your clients change their minds on an item after the order has been rung up.
Need a scale for back store prepacking?

Since your customers buy cucumbers in packs of two, peppers in threes and candies, nuts and spices in bulk, use the Vanta for prepacking, by piece and by count transactions. Increase your productivity by letting the scale do the batch printing so that you can concentrate on weighing, packaging, and labeling.
