

# GYSMATIC FLIP-FLAP GOGGLE 3

## TRUE COLOR

REF. 068711

The GYSMATIC FLIP-FLAP GOGGLE 3 welding helmet is a blend of cutting-edge technologies for exceptional user comfort. Its field of vision is up to six times wider thanks to its deeper-cut nose bridge. The mask's premium filter gives the welder realistic colour vision.

### FEATURES

- Revolutionary design with an extended field of vision.
- Fully adjustable Ergofit+ headband. Perfectly balanced for an outstanding level of comfort.
- Flip-Flap: Switch from «Cutting/Welding» to «Grinding» mode in a flash thanks to the helmet's manual lens-lifting system.
- Clear shade: 3
- Extra-wide field of vision
- Control panel with digital display
- Smart mask with automatic setting adjustments according to the working conditions including light and operating mode, etc.
- It's TrueColor-technology filter delivers a more realistic and detailed colour reproduction than conventional filter systems.
