

2019 Sponsorship Package Rate

Who we are:

We are a family friendly organization! We travel, work and compete in the true nature of sportsmanship. You'll be pleasantly surprised watching competitors and their families help and cheer for each other. The Illinois High School Rodeo Association follows the rules and standards set forth by our founding association, the National High School Rodeo Association. Our association aims to promote and maintain horsemanship, sportsmanship and character among our youth and families. We encourage the highest conduct of our youth, families and volunteers at rodeo functions and everyday life. IHSRA keeps the western heritage alive in Illinois, by promoting closer relationships among people interested in our activities, while maintaining our livestock in the highest regard.

IHSRA 2018/19 members

The NHSRA is an independent student athletic association which governs itself without the supervision of school administrators and without the assistance of tax dollars.

Members of the NHSRA are held to similar academic standards as other high school athletes. Members have to turn in grade reports signed by school principals every quarter.

We seek sponsorship and awareness:
