VOLUME 15

## WELCOME BACK

This year has been a busy one for us on multiple fronts, but we are delighted to be launching exciting new collections, as well as new additions to our most popular ranges, all with a focus on adding color in sophisticated and unexpected ways.

Our ever-popular Gerona and Shell Bisque ranges are now available in new shapes and colors. A new, seaside-inspired collection called Montauk, an organic yet elegant collection called Evora, and a pop of plum in the best-selling Tinware Mug rounds out the new ceramics. Chic and fun pops of color can also be found in our new glassware, cutlery, and linens.

In addition to increasing our use of color, we also worked on some new “classics.” Our exquisite new wine & champagne glasses, as well as a cocktail coup, are made in Eastern Europe and are absolutely timeless. Additionally, our new Lille Cutlery, which can fit on any table, comes packed in beautiful gift box and is available in a vintage-inspired tumbled or brushed stainless finish.

We hope you enjoy these new pieces as much as we do.

# RIMMED SHELL BISQUE COLLECTION

Our new Shell Bisque range uses the same transparency glazes, that gives the original Shell Bisque collection its unique character. We have introduced new shapes based around rimmed plates and straight-sided bowls and mugs. Still exquisitely delicate, this new family has a markedly different style and feel.

# SHELL BISQUE

A perennial favorite, Shell Bisque distinguishes itself through its thin body and soft, translucent glazes. The glazes are applied by hand on each piece, resulting in an array of washed, complimentary hues. Every piece has its own unique shade, making each a handmade work of art.

# DAUVILLE BLEU

We are told our Dauville collection has become the standard bearer for glamorous yet relaxed dining. If you are ready for an update, then try mixing in the unexpected blue dipped and gold rimmed version. Each piece of this collection is hand dipped in a stunning cornflower blue. Our crafts people have been trained to vary each piece so that no two pieces are exactly alike. We've tried to give a good suggestion of how they will vary in our photos but don't be surprised if yours is slightly different - lucky you, we love having something that is one of a kind!

# LA VIENNE COLLECTION

Our first collection of fine china, La Vienne is made in Portugal by a factory that specializes in the time-honored methods also used in Limoges, France. The high-fired porcelain bodies, combined with classic shapes and metallic, purposefully irregular accents, make this collection the essence of contemporary elegance.

# LINES COLLECTION

My father turned his first bowl in woodshop at age 12. On the outside, he scored two deep lines around the top of the bowl. This simple, understated decoration was the starting point for this family. The relief resolves the otherwise perfect simplicity of the shapes and glazes. The plates are somewhere between rimmed and coup with the continuum of the lines decoration going around the edge, creating something both very beautiful and useable. We also spent days in the glaze room in Portugal mixing the new green and the soft blue for the first time.

Working with both Linda Bloomfield, one of the UK's most respected potters and author of numerous books on glazes, and a well-respected, small-scale ceramics factory in Portugal, we have arrived at a collection that combines the expertise of all collaborators: Canvas home's unique vision of simplicity and clean form; an incredibly subtle color palette only possibly because of Linda's mastery of glazing possibilities, and our Portuguese partner's expertise in applying studio glaze recipes in a factory setting. We hope you agree that the result is an achievement in timeless dinnerware.

## SALAMANCA COLLECTION

This dinnerware collection focuses on soft shapes and beautiful matte glazes. We worked with a small maker outside Barcelona using local clay and specifically developed new glazes - a soft off-white and an amazing light-absorbing black. We then combined them in a fun striped motif. They all have an amazing texture that reminded us of the famous sandstone buildings in Salamanca.

The Montauk range is a seaside-inspired collection of exquisite crockery decorated in indigos and blues. Each piece has a different motif and is extremely versatile. The playful patterns of the Montauk range have not only been a hit with our kids, but it was also love at first sight for the adults too. The cheerful design is reminiscent of days spent at the beach.

United Kingdom & European Union customers should contact:  
[EUwholesale@canvashomestore.com](mailto:EUwholesale@canvashomestore.com) for pricing and ordering information.

### Pricing

Wholesale pricing applies to customers with a storefront and state-issued resale number. New customers must provide appropriate documentation prior to first order being placed. Trade pricing is extended to architects and designers. In this instance, stock will not be held and cannot be guaranteed if the customer wishes to ship the order at a later time.

### Order Cancellation and Changes

Changes to orders can be accommodated before order reaches warehouse for fulfillment. If order has been processed, order changes cannot be accepted. Order cancellations must be in writing, and received prior to shipping. If order is already packed to ship, cancellation will require a 20% restocking fee.

### Standard Shipping

Cost of goods does not include shipping or handling charges. All orders are shipped from our warehouse in Valley Cottage, NY. Canvas Home is proud to announce the implementation of a new Flat-Rate Shipping Program for all standard wholesale shipments with destinations in the continental U.S. Please reference the [Canvas Home Flat-Rate Shipping Chart](#) for the rates to your area. These rates are subject to change without notice. Please contact Customer Care for the latest chart: [customercare@canvashomestore.com](mailto:customercare@canvashomestore.com). Through this program, Canvas Home reserves the right to ship via preferred carrier at our discretion (UPS, FedEx Ground, USPS etc.). We are also happy to use customer's own shipping account, if it is provided at the time the order is placed.

Confirmed orders will be shipped as outlined in the order confirmation. It is customers' responsibility to notify Canvas Home prior to shipping if changes are needed for the order. Failure to notify Canvas Home of any changes that result in shipment refusal will incur a 20% restocking fee.

### Freight & International Shipments

Freight shipments are FOB our warehouse. A shipper will be determined on a case-by-case basis and is subject to change without notice. Customers may use their own freight forwarders if prior arrangements have been made. Routing information must be specified at the time order is placed. Canvas Home will not be responsible for any fees incurred due to incorrect shipping, packaging, labeling, etc. without prior written agreement to shipping specifications. Special handling requests are subject to extra charge. Due to the nature of our products, some items must be shipped in oversized cartons which may result in higher freight costs. Canvas Home does not ship C.O.D. and all freight charges must be paid in full prior to shipment pick-up. If a carrier must be turned away due to lack of payment, customer is responsible for any fees connected to the cancellations and/or re-scheduling of the pick-up.

### Drop-Ship Services

Canvas Home offers drop-ship on a case-by-case consideration. A \$10 drop-ship fee will be added to each drop-ship order. Canvas Home reserves the right to refuse drop-shipping at any time. Please contact your sales representative for more information.

### Ticketing (add on service/special request)

Canvas home will consider customer specific item labeling on a case-by-case basis with a value added service of \$0.25 per ticket which must be agreed upon and included at the time of order placement and invoicing.

### Rush Orders

We will gladly expedite your order upon request, if possible. Rush orders will include a \$75 rush fee and order must be received before 12:00PM EST to ship same day.

### Backorders & Future Shipments

Canvas Home makes every effort to remain in good stock standing at all times and always communicates stock outages with customers when orders are placed. Canvas Home does not reserve stock for future shipments and cannot guarantee stock availability if a future ship date is set for an order. If, for some reason, an item cannot ship on the ship date specified, it will be placed on backorder unless the customer has directed otherwise. Unless a specific cancel date has been supplied by customer all backorders not shipped after six (6) months will automatically be cancelled.

### Claims and Returns

Most Canvas Home products are handcrafted which often lends toward slight variations in size, color, texture and/or finish. These variations are not considered flaws, but rather characteristics inherent to the nature of handcrafted items. Please examine your order upon arrival. We are happy to review any inconsistencies observed in the product received and provide more detail regarding these handmade touches. Please direct claim/return/damage queries to: [customercare@canvashomestore.com](mailto:customercare@canvashomestore.com). Any shipping-related damage or loss must be claimed by consignee with carrier.

FOR DOMESTIC CUSTOMERS: All non-shipping related damages or shortages must be reported, with photographs for our reference/review, to Canvas Home within seven (7) business days of receipt of goods in order for a claim to be honored. Refund or account Credit for damaged merchandise will be issued if accompanied with images of damaged items. All costs associated with returns for reasons other than damage or manufacturer defect will be the sole responsibility of the customer, and a 20% restocking fee will be subtracted from the final refund or credit issued. All non-damaged returns must be received in its original packaging free of any 3rd party ticketing or signs of wear and tear or customer forfeits their refund/credit.

All returns must have a Canvas Home return merchandise authorization (RMA) number. Unauthorized returns will not be accepted or honored. Returns must be received within 30 days of initial purchase. A credit memo or refund will only be issued for items returned, less 20% restocking fee (if applicable), after the items have been received back to our warehouse and inspected. Please allow up to 2 weeks for inspection and refund/credit once merchandise has been received in our warehouse.
