systainer® THE RIGHT ANSWER
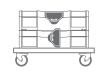

systainer® PRODUCT RANGE

TANOS
Our systainer®

systainer® T-LOC

A flick of the wrist suffices! That's just how simple the systainer® of the 2nd generation works. Stack individual systainer® systematically one on top of the other and lock with a flick of the wrist – this gives you a linked systainer® tower which holds everything from the smallest to the biggest part ready for you in a clear arrangement to save space and time and can be added to or divided up as you like. Our systainer® T-Loc combines innovative technology with functional, attractive design in perfection.

systainer® CLASSIC

Proven top class quality! Our systainer® CLASSIC has been accompanying millions of satisfied customers through their daily routine for ages. At work or at home, for your hobby or leisure time – the sophisticated mechanics of the systainer® CLASSIC products guarantees reliability and almost infinite application possibilities. That it is connectable with the systainer® T-LOC system goes without saying.

---

i **QUALITY THROUGH EXPERIENCE**

1993
The success story of the systainer® begins.

1995
The first insulated-systainer® makes its way to the customer.

2000
Large and small additions to the family: MINI- and MAXI-systainer®.

2001
With the Drawer-systainer® sorting becomes even smarter.

2008
Intelligent additions: systainer® II with lid sort tray and Rack-systainer®.

2010
Market launch of the innovative 2nd generation: systainer® T-Loc.

THE ORIGINAL

TANOS GmbH was founded in 1993 as a subsidiary of TTS Tooltechnic Systems AG & Co. KG. Geared to our customers' needs, our efforts are concentrated on the sale and further development of the systainer® product range. The systainer® evolved from the need to transport work material and tools securely packed, clearly arranged and above all to save time. As the inventor of the unique, patented systainer® case system, we succeeded in designing stackable and linkable individual cases. The systainer® – not just a case, but a system!

2013
Three new products: MIDI-systainer® T-Loc, Tool-Box and Storage-Box.

2014
Doubly innovative: SYS-MFT and SYS-AZ for even greater convenience.

2015
User-friendly introductions of SYS-Combi and SYS-Sort.

2016
The systainer® goes live with the development of SYS-PH.

2017
The success story continues: MINI-T-Loc with transparent lid and MINI-T-Loc III.

i FIGURES THAT CONVINCE

25 YEARS OF EXPERIENCE
As a manufacturer of the most sold, linkable case system, we believe in the power of experience: Future needs ancestry! The success of the systainer® proves that you and we are right.
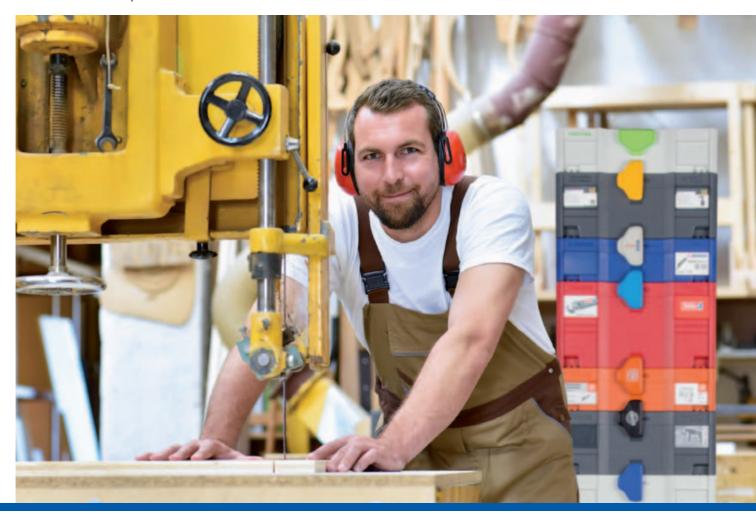

34 DIFFERENT systainer® VARIANTS
Innovation and creativity are powerful incentives for our work. We do not only want to meet your requirements; we want to give you more than you could wish for.

INFINITE NUMBER OF COMBINATION POSSIBILITIES
The systainer® does what you want! Almost unlimited possibilities allow tailor-made individualization.

EVERYTHING IS BASED AROUND THE systainer®

We can rightly be a little proud to be the manufacturer of the linkable case system that has been sold a million times over. Proud of our systainer® system that unites consistent excellent quality with innovative functionality without compromise. But we are particularly proud of our customers and partners. Only the more than 25 million sold systainer® have made our system what it is today. We have been able to rely on the systainer® for 25 years. And will continue to do so in future. That is a promise.

MORE THAN 25 MILLION systainer®
A big thank you to our customers and partners! The systainer® is conquering the world and we are delighted with more than 25 million sold systainer®.

1 SYSTEM
The systainer® is not just a case, it's a system. Whether systainer® CLASSIC or T-LOC: unique, well-designed, unbeatable, stackable and linkable.

SEVERAL MILLION SATISFIED USERS SPEAK FOR THEMSELVES

---

i   A SOLUTION FOR EVERY TASK

TRADE
Whether for do-it-yourself at home or nationwide active craft enterprises: The systainer® satisfies all needs and demands made-to-measure.

MANUFACTURER
The systainer® is the optimum component of your image and marketing strategy when you as a manufacturer want to sell and present your products in top quality.

MEDICAL
Safety and absolute reliability and handling – indispensable requirements for medical which the systainer® meets.

IN USE EVERYWHERE

The application possibilities of our systainer® system are infinitely versatile and branch universal. The classic areas of application of our systainer® in trade or industry are only what you see at first glance. Innovative further developments, accessories and an extremely variable and versatile interior – we can make your individual, intelligent all-rounder for a thousand and one applications out of every single systainer® as you wish. Make use of our further developments for your own personal systainer® configuration for daily use!

FIELD SERVICE EQUIPMENT
Your product in the limelight! The systainer® offers individual, customized solutions for product presentation. Use the greatest possible mobility for successful field service.

SPORT & LEISURE
Exercise is fun! Angling, rifle club or bowling – a systainer® is the perfect place to keep your sports equipment so that it is always together where you want it.

TANOS
Our systainer®

STACKABLE AND LINKABLE
The systainer® is more than just a case – the individual cases can be combined, safely stacked, securely linked and used individually and simultaneously.

OPTIMAL TRANSPORT DIMENSIONS
The standardized basic dimensions of the systainer® allow flush stacking, save volume and therefore cash when transporting on pallets – in trucks, in the warehouse or at retailers.

MAINTAIN OF VALUE
Replace instead of throwing away! All systainer® components such as body, lid, handle or catches are replaceable. Your systainer® therefore always maintains its immaculate original quality.

CUSTOMIZED
In addition to the standard version (light grey with signal blue catch) you have a choice of other additional colors. You can also design your systainer® individually with different color variants for the catch and handle.

ABS* PLASTIC
Prime base material combined with the most rugged design structure provide maximum strength. All systainer® are also form-stable, impact-resistant as well as dust and splash proof.**

ABS

*ABS = Acrylinitrile-Butadiene-Styrene

**subject to certain terms and conditions, further information may be obtained on request.

DEVELOPMENT IN-HOUSE
Our research and development department with highly qualified engineers and product managers works continuously on the innovative further development of our products with ISO 9001 certification.

HIGHLY AUTOMATED PRODUCTION
Our standardized processes guarantee consistently high production quality and quality control in Germany and Europe.
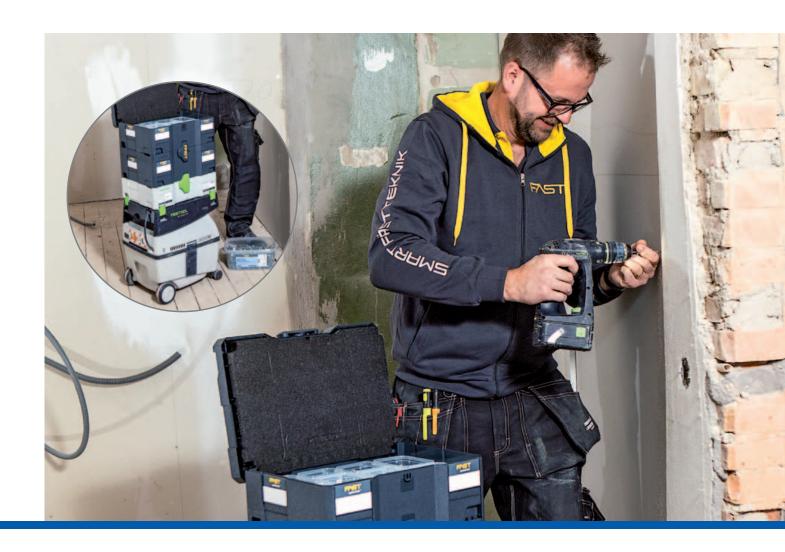

ENVIRONMENT & SUSTAINABILITY
The systainer® made of recyclable ABS guarantees an environmentally friendly, recyclable packing which will be with you for a long time and helps to avoid waste.

MORE THAN JUST A CASE

Our systainer® gives you constant flexibility. Because one thing is for sure: Every systainer® is not just a case but part of a sophisticated system. Whatever equipment you wish to use or whatever requirements need to be met: With the variable interior and the combination possibilities of the systainer® you have a free choice of configuration. Choose a new arrangement of your systainer® tower again and again to meet your personal needs.
They are all stackable and linkable!

PRIZES AND AWARDS
The enthusiasm and sustainable high quality standard is reflected in the many awards and consistently positive test results.

HOLDER OF SEVERAL PATENTS
The entire systainer® portfolio is protected comprehensively by various intellectual property rights. The original systainer® is and remains an original. That is something you can rely on.

TANOS
Our systainer®

INDIVIDUALIZED INTERIOR

We plan, design and manufacture the right interior for your personal systainer®. On request, we will also make an appropriate sample in our workshop.

PRINTING

Company logo or slogan – we can print all 4 sides of the body, the lid and the catches individually and in different colors even for small batches.

CONSULTING

We are there for you and will be glad to help you find the optimum solution for your requirements. A binding offer goes without saying as does our support for your marketing activities.

EQUIPPING

We will gladly take over the complete equipping of your products in the systainer® for you. On request, we will also handle the purchase of third-party products up to individual dispatch to your end customers for you. Get in touch with us!

STANDARD COLORS

RAL 7035, light grey
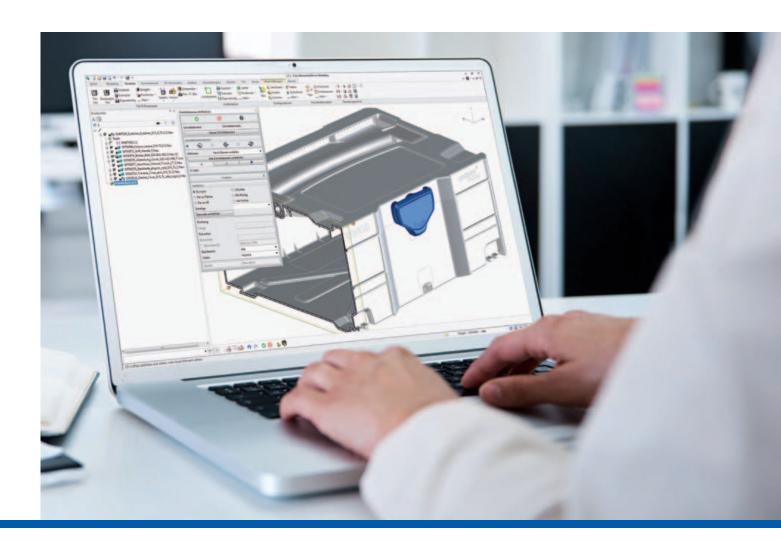

HKS 43 K, signal blue

ALL-ROUND SERVICE

Every single systainer® is important to us. Whether as a standard version with available system components or as an individual customized product adapted to your personal needs. We will not leave you alone with your wishes! Design, color, interior, formats or application purposes: We look forward to presenting the almost infinite possibilities of our systainer® system to you. We are looking forward to hearing from you!

TANOS
Our systainer®

CUSHION

ANTI-SLIP MATS

CUSHION
Can be transported easily in the lid of the systainer® – robust and resistant – washable and easy to clean – comfortable and pleasant at all temperatures – quick mounting and dismantling without tools

ANTI-SLIP MATS
With our tested "T-Exact" and "T-Tec" anti-slip mats made of extra strong PES / glass fibre fabric, you will always have the right grip!

PRODUCT VARIETY

Nothing is impossible! Our portfolio includes, in addition to the systainer® , a wide range of different product series such as TANOS®medical as well as practical accessory parts. And however unusual and special our customers' wishes might be, no challenge is too great for us. You can rely on our creative product solutions and constantly growing variety of innovation.

systainer®
The right answer

SINGLE-LOCKING?

T-LOC!

Stackable and linkable. That is our motto! The systainer® will convince you in daily use. Quickly linked, they save time and unnecessary distances. The systainer® towers can be carried by one handle and therefore offer maximum convenience and mobility. Unbeatably practical: Our patented T-Loc system enables operation and opening in the linked state with only one hand. Additional freedom which is a major advantage in a modern working environment.

Opening in the linked state
Uniquely user-friendly! You can access the contents at a flick of the wrist without having to unlink.

Adaptor-set "ADAPT-L"
Ultra practical! The adaptor set for transporting bulky and long objects.

Single-handed operation
It could not be more simple! Closing, opening and linking with one hand and one twist: **L**ock, **O**pen, **C**onnect = T-LOC.

Innovative labelling
Knowing what it holds! Four slots in standard cheque card format make individual labelling very simple.

Sortainer T-Loc "SYS-Sort" and systainer® T-Loc "SYS-Combi"
The perfect complements with drawers.

Additional front handle and carrying strap
For easier transport of the systainer® T-Loc.

MIDI-systainer® T-Loc
The "wide one" for even more application possibilities.

MINI-systainer® T-Loc
The "small one" with all the advantages of the T-Loc. Combinable with systainer® T-Loc II - V.

systainer®
The right answer

PROVEN?

CLASSIC!

The classic innovation among the linkable tool case systems! Our original Classic series still convinces today with its proven functionality and sustainable strength. Thanks to numerous product variants and optional accessories, the Classic system can be extended so that you will never want to do without your systainer® tower! Tailored exactly to your requirements, the systainer® is your daily companion in all walks of life and at work. Yesterday, today and tomorrow!

Compatibility
The existing systainer® Classic Line program can be optimally connected with the systainer® T-Loc.

systainer® Tool-Box
The perfect tool box with numerous connection possibilities and variants.

systainer® Storage-Box
Our popular space magician – stores everything clearly and ready to hand at all times. You will never lose anything again!

MAXI-systainer®
Our MAXI-systainer® is the best and easiest way to store or transport large materials.

systainer®
The right answer

PACKING?

SAFE!

The way is the goal! Our systainer® offers maximum strength thanks to a high quality base material, combined with an innovative design structure – your products will be stored safely until they reach your customers. The function dictates the form! Our systainer® are manufactured with convincing high quality right down to the finest detail. Play it safe with your valuable goods and rely on our quality products for transport and in their application.

Optimized logistics
All systainer® are standardized to Euro pallet size. This saves time, money and storage volumes.

The perfect packing for industry
The systainer® offers optimum protection and perfect handling for all devices. Individual mouldings provide for tailor-made storage and application convenience.

Impact protection*
Cushion program for maximum interior impact protection. Even highly fragile goods are protected all round against damage.

Spillage-proof transport*
Every screw stays in place. Our tight fitting lid inserts ensure firm, secure closure.

Wind and weather-proof*
systainer® are made of ABS plastic and are form-stable, impact-resistant and dust and splash-proof.

* subject to certain terms and conditions, further information may be obtained on request.

TIDY?

EVERYTHING IN
ITS PLACE!

Keeping things tidy is fun this way! Thanks to our highly variable and versatile accessory parts as well as lid and floor inserts, you can design the interior of your systainer® as you like. You can put together your optimum arrangement from the numerous possibilities to meet your requirements. Clear and simple with optimum utilization of space – the choice is not easy.

Getting things tidy
A large number of inserts makes the systainer® fit for every need.

Flexible application
systainer® sets with different inserts for all kinds of small parts tidy things up clearly.

Optimum utilization of space
A variety of lid inserts ensure space-saving utilization of the available space.

Tools and small parts
Inserts and boxes store your equipment and accessories clearly and user-friendly.

PRESENTATION?

IN THE LIMELIGHT!

The first impression counts! A sustainably convincing presentation of your products is a door opener to all branches. The systainer® system offers an eye-catching exterior design combined with professional systematics. And we have developed many individualizable supplements to enable you to show your product at its best. We look forward to receiving your inquiries – let us put your product in the spotlight, too!

Showing what you've got
The systainer® offers individual solutions for product presentation.

Special inserts
We will be glad to develop customer-specific special inserts of all shapes and sizes for you, so that your product appears in the best light! Use the experience of our innovation team and seek advice without obligation.

Individualization
Innovative marking such as printing, embossing or labelling will turn your systainer® into your own personal calling card.
This makes a good impression!

systainer®
The right answer

TRANSPORT?

EFFORTLESS!

Mobility taken literally! Whether you want a single systainer® to hang over your shoulder for quick assignments, to push a systainer® tower effortlessly from one place to the next or equip a whole vehicle with your personal systainer® system – we offer the right solution for every opportunity. Be kind to your back with our mobile systainer® accessory program! You can also transport bulky or very long objects safely and easily with the suitable systainer® accessory.

Easily mobile
The caster "SYS-CART" can be connected easily and stably to the systainer®.

Firm standing
with lockable casters.

Carrying and hanging
Whether carrying strap or additional front handle for upright transport of the systainer® T-Loc – two variants which can be inserted quickly and without complications in the slots provided.

Making light of bulky goods
Adaptor-set "ADAPT-L" for transporting bulky, long objects.

The open-top variant for the closed systainer® system.
The perfect tool box with multiple linking options.

systainer®
Additions and accessories

FLEXIBLE AT ALL TIMES

The working environment is changing and flexible work times are today as much a part of the daily routine as flexible application sites. In our **"Mobile Work"** section you will find innovative **systainer®** solutions with which you can work any time, anywhere. Freedom all round!

MOBILE WORK

Adaptor-set "ADAPT-L", 2 parts
• Light grey art n° 81200150
• Convenient fastening of big, broad parts and fixing of containers on the outside of the systainer®
• Simple insertion in plug-in slots of the systainer® T-Loc II - V, MIDI-systainer® T-Loc II + III and systainer® T-Loc "SYS-Combi II + III"
• Elastic rubber band, individually adjustable
• Integrated anti-slip pad for the safe fixing of the transported goods
• Dimensions: H x W x D
        3-2/7" x 3-2/5" x 2-3/8"
        (83,5 x 86 x 60 mm)
• Weight: 0.09 lbs (0.04 kg) / pc.
• Max. static load: 6.61 lbs (3 kg) / pc.

Caster "SYS-CART"
• Light grey/blue art n° 81200146
• For systainer® I - V, systainer® T-Loc "SYS-Combi II + III", Sortainer T-Loc "SYS-Sort IV / 3", MAXI-systainer® III, systainer® Tool-Box 1 + 2 and systainer® Storage-Box
• Four swivel castors, two of them with brake function
• Big wheels (diameter: 100 mm) and wheel bases for optimal running, recessed grips on the sides and through holes for U-lock
• Dimensions: H x W x D
        6-3/16" x 20-7/16" x 14-3/8"
        (157 x 519 x 365 mm)
• Carrying capacity: 200 lbs (100 kg)
• Net weight: 6.31 lbs (2.86 kg)

Carrying strap
• Blue/black art n° 81200154
• For the fixation on the handle
• For systainer® I - V, MIDI-systainer® T-Loc II + III, systainer® T-Loc "SYS-Combi II + III", systainer® T-Loc "SYS-Sort IV / 3", MAXI-systainer® III, systainer® Tool-Box 1 + 2 and systainer® Storage-Box
• With shoulder pad and adjustable strap

Cushion for systainer® T-Loc
• Anthracite art n° 81200142
• Fast assembly and dismenting on the systainer® without tools
• Easy transport in the lid
• For systainer® T-Loc I-V and systainer® T-Loc „SYS-Combi II +III"

REPLACEMENT MADE EASY

We attach great importance to flexibility and a long product life. Therefore, all **systainer®** components such as lid, handle or catches are easy to replace.
