TANOS
systainer®

FROM THE PAST TO THE FUTURE

TANOS GmbH was founded in 1993 as a subsidiary of TTS Tooltechnic Systems AG & Co. KG. Developing and distributing the systainer® product range is our passion. Secure packaging and clear organization of your work materials and tools, and saving time during transportation – systainer® products provide all of these benefits and more. As the inventors of this unique, patented case system, we have created cases that can be stacked and linked together. Our concept makes a systainer® more than just a case: It's a system!

1993
systainer® Classic-Line

The systainer® success story begins. Thanks to TANOS systainer® products are available to everyone.

1995
Cool down:
The first insulated systainer® makes its way to the customer.

1 millionth
systainer® sold in 1996.

2000
Adding big and small options to the family:
MINI- and MAXI-systainer® Classic-Line.

2001
Smart sorting:
With the Drawer-systainer®.

2008
Intelligent additions:
systainer® Classic-Line II with lid sort-tray and Rack-systainer®.

### 10 millionth
systainer® sold in 2008.

2010
systainer® T-Loc

**Global debut:
Market launch of the second systainer® generation with unique T-Loc central controller.**

2013

Three new products:
MIDI-systainer® T-Loc, systainer® Tool-Box and Storage-Box.

systainer® Storage-Box

20 millionth

systainer® sold in 2015.

2015

User-friendly:
Introductions of systainer® T-Loc "SYS-Combi" and Sortainer T-Loc "SYS-Sort".

systainer® T-Loc "SYS-Combi II"

2017

The success story continues:
MINI-systainer® T-Loc with transparent lid and MINI-systainer® T-Loc III.

25 millionth

systainer® sold in 2018.

2018

TANOS goes USA:
The founding of TANOS Inc./USA ensures systainer® is now directly available in the USA as well.

2018

New standard for mobile work:
The mobile workshop MW 1000.

2019
Systainer^3

Market launch of the innovative third generation: 100 % mobile, simply practical, better in a system. Cooperation between TANOS, bott and Festool to develop a comprehensive, consistent mobility concept.

2020

The Systainer^3 system has been awarded the German Design Award Winner 2020 for outstanding design quality.

GERMAN DESIGN AWARD WINNER 2020

systainer®
TANOS Main Catalog

UNIQUE. PATENTED. UNSURPASSED.
STACKABLE. LINKABLE. THE systainer®
IS NOT JUST A CASE, IT'S A SYSTEM.

Systainer³

Even more reliable, with more functions and broader applications – that's Systainer³. The third generation stands for even better mobility with a comprehensive mobility concept. Enjoy the advantages you trust with the Systainer³: T-Loc central controller, compatible with one another and connectable with all previous systainer® generations.

systainer® T-Loc

Just one touch is all you need! Systematically stack individual systainer® and lock them with a flick of the wrist – this generation offers innovative T-Loc central controller technology: lock, open, connect. The second generation combines innovation with function and attractive design.

systainer® Classic-Line

Proven top class quality! Our systainer® Classic-Line has been accompanying millions of satisfied customers through their everyday work for many years. Of course, it can be combined with all other systainer® generations.

i **A SOLUTION FOR ANY JOB**

TRADES

Whether you're a do-it-yourselfer or an nationwide trade company, the systainer® is custom-tailored to fulfill your needs and requirements.

INDUSTRY

If you want to sell and present your products with a high-quality image, the systainer® is a perfect building block in your brand strategy.

MEDICAL

Safety and reliability in transportation and handling are essential in the medical field. A systainer® impresses everywhere and anytime.

IN USE EVERYWHERE

Your systainer® system offers an endless range of potential applications, in many different industries and sectors. Clearly, systainer® products are a popular choice in trades and industrial applications. But systainer® are also an all-around system built to handle specialized demands and requirements. Innovative developments, accessories, variables, a variety of internal features and easy linking options make the systainer® a smart system for your needs.

SALES REPRESENTATIVE EQUIPMENT

Put your products in the limelight! systainer® offers individual, customized solutions for product presentation, for even more successful field sales.

SPORTS & LEISURE

Whether sport fishing or climbing – a systainer® is the perfect choice to store all your sporting equipment in one place.

TANOS
systainer®

STACKABLE AND LINKABLE

Individual systainer® can be combined, securely stacked, firmly linked and can still be operated individually at the same time.

TRANSPORT OPTIMIZATION

Standardized dimensions allow boxes to be stacked, saving volume and cash during transportation on pallets – whether in a truck, a warehouse, or a retail store.

ABS* PLASTIC

The best base material combined with a sturdy design offers outstanding structural strength.

systainer® are formstable and impact-resistant. Contents are effectively protected against dust and moisture.

ABS

*ABS = Acrylinitril-Butadien-Styrol

---

i   DESIGNED IN GERMANY

DEVELOPED IN HOUSE

Our research and development department with highly qualified engineers and product managers works continuously on the innovative further development of our products with ISO 9001 certification.

HIGHLY AUTOMATED PRODUCTION

Thanks to standardized processes, we guarantee consistent, high product quality and quality controlling in Germany and Europe.

ENVIRONMENT & SUSTAINABILITY

The systainer® produced from recyclable ABS ensure more environmentally friendly, recyclable packaging you can use for years, and therefore help to avoid waste.

MORE THAN JUST A BOX

Today, flexibility on the job is essential. Each and every systainer® is not just a case, but rather part of a cleverly designed system. This allows you to prepare for and react optimally to your work needs. The different possible combinations, and variable interior options for your systainer® are virtually endless. Easily change the arrangement of your systainer® tower to meet your personal needs. All systainer® are stackable and linkable!

AWARD-WINNING systainer® T-LOC SYSTEM
Multiple awards and consistently positive test results are truly a reflection of the enthusiasm for innovative technologies and the long-lasting, high quality standard of this system.

STILL THE ORIGINAL
The entire systainer® portfolio is fully protected by a various property rights. The original systainer® is and remains an original. You can rely on that.

Mobile Workshop
FLEXIBLE AND MOBILE ON THE GO

As the manufacturer behind the systainer® connectable storage system – which has sold millions of units to date – we always have our eye on the latest trends. Today, flexibility and mobility are central facets of everyday work for most tradespeople. Our mobile workshop offers the flexibility you need, ensuring it is ready to use for any application. Compact, comfortable, and with maximum portability, the mobile workshop can be set up anywhere you need it. That's efficiency that pays off!

SAFE
- Safely attach work surface to the cart for transportation using the integrated strap

MULTIFUNCTIONAL
- Flexible clamping mounts on all sides
- Can be connected to additional work tables (TSB/1-MW 1000) on all sides
- Even, stable and consistent work surface

EASY TO USE
- Simple to handle and transport, even on your own

STURDY
- Adjustable feet
- Cart stands on four feet – not on the rollers

Robust: Trolley and wheels easily handle uneven surfaces

Independent: The mobile workshop is ready to use whenever and wherever you need it

Sturdy: The stable construction ensures optimal working conditions anywhere

Ready to go! Quick storage and everything in place for the next job site

PRACTICAL
• Easily load into a vehicle with sliding surfaces on the handle

FLEXIBLE
• Integrated MDF work surface for safely attaching additional systainer® (suitable for all systainer® generations.)

INTUITIVE
• Three different position settings – locks automatically

ORGANIZED
• Stable drawer (SYS-AZ-MW 1000)
• Perfect fit for mounting systainer® with base area of W 396 x D 296 mm
• Custom fitting with drawers
• Variable height adjustment without tools

STURDY
• Large rubber wheels, 200 mm diameter for easily climbing stairs, without gravel residue or visible wear to floors

CLEVER
• Storage for MINI-systainer® T-Loc I in the base tray
• Additional drawer can be retrofitted (SYS-AZ art. no. 80101664)

RELIABLE
• T-Loc catch to attach the systainer® to the mobile workshop
