Card 1: background stencil prep

Before class, if you would like to create your backgrounds, you can follow these instructions. Jenn will also go over these steps during the Create with Us class so no worries if you want to wait & learn that way.

1. on Distress White Heavystock 4 1/4" x 5 1/2" - using one of the snowflake stencils, ink blend with Bubblegum ink.

Keep track where the lawn fawn words are on the stencil, this will help you line up the 2nd stencil. I kept mine at the bottom center.

2. Layer the second snowflake stencil to fill in the empty spaces, remember to have the lawn fawn words in the same spot as the first stencil, this will help know the positioning.

Ink blend with Lobster ink.

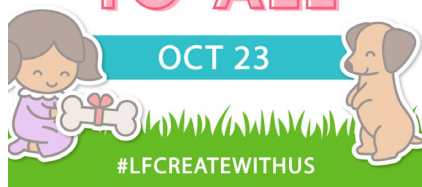

3. Clean the Lobster ink off the stencil, then put it back in place. Spread fairy dust stencil paste through the stencil with a palette knife.

I use the Wendy Vecchi Magnetic Mat to hold my stencil and paper in place.

Before class, if you would like to create your backgrounds, you can follow these instructions. Jenn will also go over these steps during the Create with Us class so no worries if you want to wait & learn that way.

4. With the palette knife, spread the paste evenly covering the entire stencil.

5. Fairy dust stencil paste dries translucent with a sparkle and raised texture, so the Lobster ink will still show through.

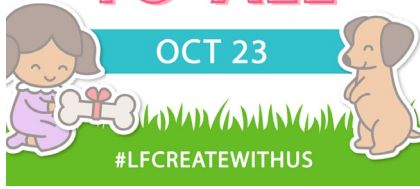

I use the Wendy Vecchi Magnetic Mat to hold my stencil and paper in place.
