QLASSICO

Established in 2018 by Wong Chee Sheun and Wong Chee Yue, Qlassico passionately curates exquisite fine jewellery designed to inspire women globally. For the Wong sisters, jewellery is more than just adornment—it's a wellspring of inspiration that empowers women to pursue their dreams. With a commitment to minimalist design, each piece showcases sleek contours and sculptural shapes. The Celestial collection, for instance, draws inspiration from guiding stars. Rooted in the belief that passion guides every woman's life, the collection features pendant necklaces and earrings crafted from premium saltwater pearls, including Akoya, Tahitian, and golden South Sea pearls, set in 18K yellow and white gold.
