

Luxury Oak Wideboard

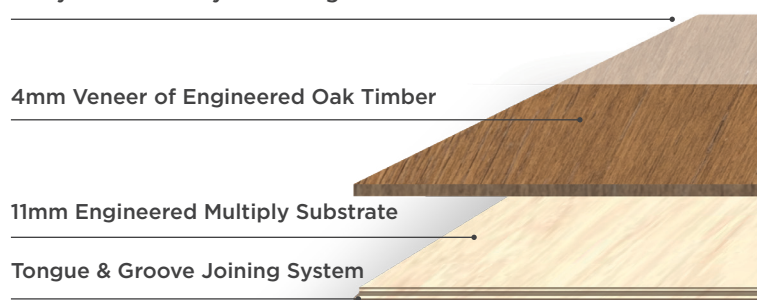

These luxurious oak wideboards are extremely sturdy, showcasing a larger section of the tree's natural features and textures. Featuring a solid 4mm European Oak timber veneer on top of a multi-ply substrate these boards are built to withstand the test of time. Perfect for larger areas of the home, these boards provide an expansive aesthetic. Featuring a Tongue & Groove installation system, these boards are only recommended for direct stick installation.

9 Layers of UV Acrylic Coating

PACK SPECIFICATIONS

M² Per Pack / Pallet	2.42m²/89.60m²	Boards Per Pack	5 boards equivalent (Including 1-2 Nested Boards/ Random lengths)
Pack Dimensions	2215 x 228 x 83mm	Pack Weight	24kg

TEST DATA & WARRANTY

Fire Rating	Critical Heat Flux: 4.2kW/m² Smoke Value: 8% minute	Slip Resistance	P3
Acoustic Rating	58 LnTw*	Sustainability	Forestry Stewardship Certification® (FSC®)
Warranty	25 Year Residential Warranty 10 Year Commercial Warranty		

Timber is a natural material and variations in colour, texture and other naturally occurring features occur between pieces and batches of the same species. Timber flooring, whilst dried during production, continues to take up and give up moisture during its life, depending on weather, aspect and local conditions. In so doing, some movement and changes to the surface of your floor are to be expected and will be apparent. This is normal and may include fine cracks on and between boards and changes in colour.
