

PARACORD BRACELET INSTRUCTIONS

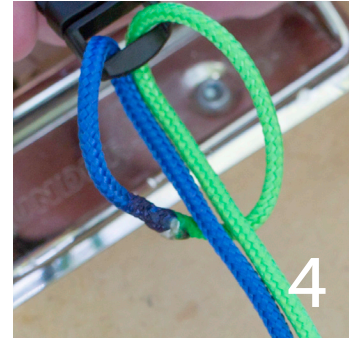

Fuse two 54" lengths of paracord together.

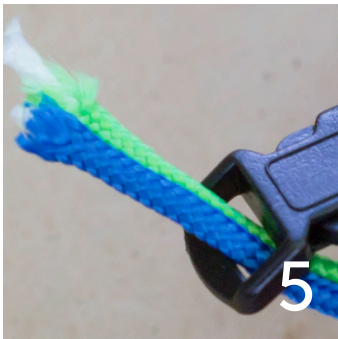

Make a loop, and insert through bracelet clasp.

Thread opposite end of cords through the loop.

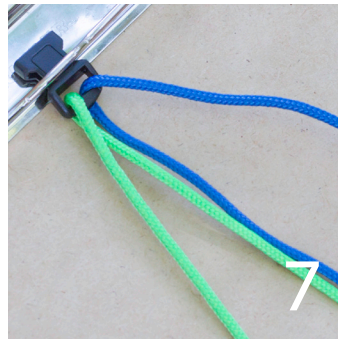

Pull tight.

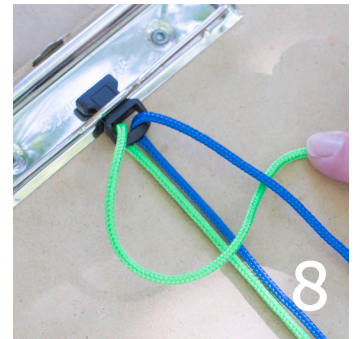

Thread end of paracord through opposite bracelet clasp.

Measure the wrist for length. Unclip the bracelet clasps while retaining the measured length.

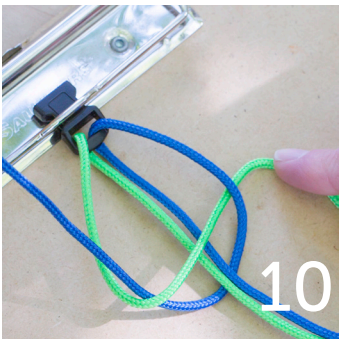

Attach the clasp to something stable, like a clipboard, for resistance.

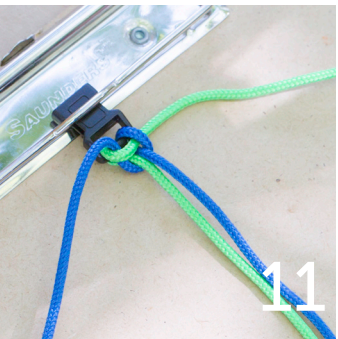

Decide which color will go on top. You will always lead with this. Cross over the double strands and under the opposite color.

Cross the 2nd color under the double strands.

Bring the 2nd color up through the 1st color loop you made in step 8.

Pull the two ends tightly.

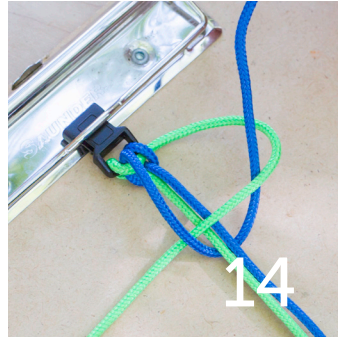

Repeat the process in reverse. Starting with the green cord, create a loop. Cross over the double strands.

PARACORD BRACELET INSTRUCTIONS, CONT.

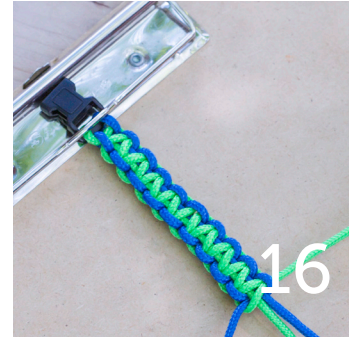

Cross the 2nd color over the 1st color.

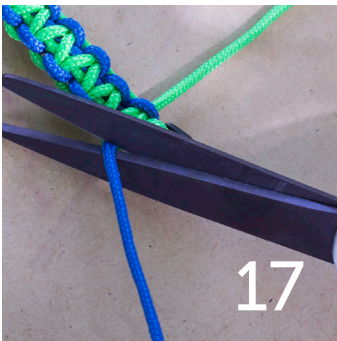

Bring the 2nd color under the double strands and up through the 1st color loop you made in step 12.

Pull the two ends tightly.

Repeat the process until you have completed the bracelet.

Cut the ends closely to the bracelet.

Burn the cut ends to secure.

Soak the bracelet for 20 minutes in mosquito-repelling solution. Remove, and let dry.

Transfer solution to a spray bottle. Spray or soak the bracelet with the solution every 4-6 hours.
