

What Experts Are Saying

"Aguasols of the last decade, and now the even more effective structured alkalized silver (SILVER), have presented in both basic research and clinical experience as remarkable therapeutics in many diverse clinical situations. SILVER demonstrates antibacterial, antiviral and antifungal effects for virtually every surface and tissue of the body. SILVER is both highly effective clinically and is without toxicity. These properties make SILVER a preferred therapeutic for treating patients, healthcare volunteers and team members in international missions and humanitarian efforts."

– Dr. Bryan Frank, MD, President of Global Mission Partners

"Over the past few years, several new studies have demonstrated the fact that silver is one of the most effective agents in the battle against MRSA and other deadly antibiotic-resistant super pathogens..."

– Dr. Joseph Mercola, DO, Best-Selling Author

"Not a day goes by without one of my patients informing me of another miraculous experience with structured silver. I use it extensively in my practice for multiple infective and inflammatory conditions. Absolutely indispensable for me and my patients."

- Dr. T., MD, Clinical Physician

"Few things in life are as cut-and-dried as the fact that silver is completely safe when used within normal limits."

– Dr. Herbert Slavin, MD, Director of the Institute of Advanced Medicine in Lauderhill Florida

"What is the future? The new vectors for designing water-based products for use in major industries and for maintaining health or causing healing are just legion now. [...] The sky is the limit. [...] Structuring of water by colloidal silver or by radiation now becomes possible for the human race, and we think it is the most benign, easiest vector to use for many, many processes."

– Dr. Rustum Roy, PhD, Professor at Pennsylvania State University

"Over time, the well-established indications for the effective use of silver were for water purification, wound dressings for the promotion of healing, the prevention and treatment of infection, dental hygiene ... eye conditions ... and other infectious conditions."

– Dr. J. Wesley Alexander, MD, Sc.D., Professor Emeritus of Surgery at the University of Cincinnati

"Anything in excess has consequences. Common substances like table salt and aspirin are harmless with normal use, but excessive intake can become toxic and even life-threatening. With normal responsible usage, silver supplements are entirely harmless to humans."

– Dr. Jeffrey Blumer, MD, PhD, Former Director of the Center for Drug Research

15 Ways To Use Silver

	2-3 Drops	2-3 Sprays	1-2 Nasal Sprays	2 tsp	2-3x Day	Gel	Notes
INTERNAL USE	Daily Prevention	●	●	●	●	●	For special circumstances, serving can be doubled
	Immune Support				●	●	Take 3-5 days or more if needed
	Digestive Support				●	●	Take 3-5 days or more if needed
	Urinary Support				●	●	Take as long as needed
ORIFICE USE	Voice Spray		●	●			Use spray bottle up to 10 times daily
	Mouthwash				●		Swishing for six minutes will maximize effect
	Ear Health	●					Keep ear pointed upwards for ten minutes to allow silver access into ear cavity (make sure ear canal is full)
	Eye Health	●					Keep liquid in eyes for up to six minutes for optimal exposure
	Sinuses & Nasal Passage			●			Use nasal applicator 1-10 times daily
	Throat Spray/Gargle		●		●		Gargle for six minutes (swallow solution); use every two hours when needed, twice daily thereafter
EXTERNAL USE	Vaginal Health			●	●	●	Use gel on external vaginal area; use liquid or gel in vagina; swallow 2 tsp 2x daily
	Hands, Skin & Feet		●		●	●	Use up to six times daily; can soak entire foot daily
	Minor Cuts, Burns & Wounds					●	Apply as needed; works up to 4 hours
	Diaper Rash		●			●	Use on clean skin
	Glowing Facial Skin		●		●	●	Use 2-3 sprays, 3-10 times daily

Top 5 Reasons to Use the New Structured Silver

- 1. Structured.** Unlike silver hydrosols from 20 years ago or colloidal silvers from 100 years ago, Beyond Silver is the new structured silver. New and improved molecular structure results in a better silver.
- 2. Faster.** Top-tier lab results show that structured silver outperforms other forms of silver, including last decade's hydrosols and older colloidal and ionic silvers.
- 3. Alkaline.** Unlike older silvers, which are acidic, Beyond Silver liquid is a mild base that is ideal for everyday use *with* the body.
- 4. World-Class Gel.** Includes organic BiAloe™, combining the power of structured silver with aloe vera for unmatched skin protection & repair. Beyond Silver gel is pH balanced to match the skin's pH, is alcohol and petroleum free, and is ideal for minor burns, wounds, and everyday skin care.
- 5. Documented.** Beyond Silver has Health Canada Class III Natural Product Numbers for the liquid and the gel, including the following recommend gel use: "used as an antimicrobial to help treat minor skin wounds, burns, infections and affections." Beyond Silver liquid and gel are made in an FDA-inspected pharmaceutical facility in the United States.

The 3 Forms of Structured Silver

- 1. 16oz Liquid** (for oral & topical use; refilling 2oz liquids)
- 2. 2oz Gel** (with organic aloe vera; for topical applications)
- 3. 2oz Liquids** (mister spray, eye dropper & nasal tops)

A History of Silver

- 2000 BC** Silver mentioned in Egyptian writings
- 500 BC** Greeks, Romans use silver vessels for water purification
- 500** Silverware protects the wealthy from the full brunt of the plague
- 1800** Doctors used silver sutures in surgical wounds
- 1900** Pioneers and frontier settlers use silver coins in their drinking water and milk to prevent spoilage
Silver is used to combat wound infections during WWI
Silver is used widely in hospitals
- 2000** Several commercial airlines and NASA use silver purification systems
Silver sols / hydrosols improved the safety and efficacy of silver versus older colloidal and ionic silvers
- 2013** New, superior structured silver technology developed in both liquid and gel form
- 2019** Health Canada approves two Beyond Silver Class III Natural Product Numbers (NPNs) for 15 ppm liquid and 25ppm gel with organic aloe vera

	Colloids & Ionics	Sols & Hydrosols	Structured Silver
Development	late 1800's	1990's	2010's
Focus	purity, high ppm	particle size	structure, biophysics
Performance	mixed	good	best
Safety	mixed	safe	safe
pH	acidic	acidic	alkaline
Structured	no	no	yes
Gel	none	contains TEA*	organic aloe vera**

* TEA stands for triethanolamine, an additive on David Suzuki's "Dirty Dozen" of cosmetic chemicals to avoid

** Beyond Silver uses BiAloe®, the highest quality aloe vera: <https://www.lorandlabs.com/research>

Beyond Silver

16oz Liquid

2oz Gel with Aloe Vera

2oz Mister Spray

2oz Nasal Spray

2oz Eye Dropper
