

The 100% Speedlab products listed below are protected by patents in the United States. Pursuant to Section 287(a) of Title 35 of the United States Code, we are providing this notice of 100% Speedlab's rights.

The patent process is dynamic. Therefore, the content of the below table may change due to such circumstances as product redesign; introduction of new product; the filing, publication, issuance, licensing, expiration, abandonment, invalidation or limitation of patent rights, or other circumstances. We advise visitors to return frequently as the rights in the table are subject to change.

This list may not be all inclusive. 100% Speedlab products listed here, and products not listed here, may be associated with additional patents, pending patents, or other intellectual property rights in the United States and elsewhere. Absence of any intellectual property right from this list does not prevent enforcement of any and all legal rights associated with the product.
