

BioToxin Binder

MICROBIOME & IMMUNE SUPPORT

KEY BENEFITS

- Binds and removes ammonia and other unwanted microbial byproducts
- Supports sulfur pathways, which help maintain normal sensitivity levels
- Promotes oxygen production in the body and nurtures a healthy gut microbiome

PRODUCT DESCRIPTION

BioToxin Binder supports the body's ability to bind and eliminate unwanted microbial factors, plus promote microbiome health.

This binder is made with humic and fulvic acid extracts that include long-, medium-, and short-chain carbons. The shorter chains are able to work systemically, not just in the gut. That includes crossing the blood-brain barrier.

LABEL INFORMATION

Directions: Take 2 capsules twice daily or as otherwise directed by a healthcare practitioner.

WARNING: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child.

KEEP OUT OF REACH OF CHILDREN.

WARNING: Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

§ This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

In addition to its versatile carbon chain lengths, BioToxin Binder is highly energized and has a superior ability to bind and remove toxins compared to traditional binders such as activated charcoal.

The proprietary formulation of BioToxin Binder also includes broccoli sprout extract, which promotes cellular Nrf2 activity, antioxidant protection, and inflammatory balance.
