

Specification Sheet

Product Item Name: Liquid Trophy Rock

Product Item Online Store Name: Redmond Liquid Trophy Rock/Instant Mineral Site

Product Description: Liquid Trophy Rock is the most versatile product yet in the Trophy Rock family. Use it three easy ways to attract, hold and harvest elusive bucks. Set up an instant mineral site during spring and summer antler growth, pour it out as a powerful attractant, or top over Trophy Rock as a lightning-fast site activator. Whatever strategy you deploy, Liquid trophy Rock is a convenient year-round tool in your hunting arsenal.

Benefits/Features:

- Create an instant site or quickly activate an existing one.
- 60+ Trophy Rock minerals support optimum health and rack growth
- Potent natural molasses scent helps deer quickly find your site.
- Irresistible salty-sweet flavor keeps bucks coming back.
- Works as a stealthy year-round supplement and attractant.
