MECHANICAL YEAR 13

*"Pure function and clean aesthetics
are the essence of Lezyne."*

This quote by Lezyne's founder and president, Micki Kozuschek, couldn't ring more true when describing our collection of mechanical accessories. We create products that work and look great. It's as simple as that. And because each product is designed, developed and produced in-house, you're sure to be as happy with it as much as we were satisfied with making it.

DIGITAL PRESSURE OVER DRIVE

- Integrated system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot release lever.
- Precision digital gauge (220 psi / 15 bar).
- Durable steel and aluminum construction.
- Extra long, high strength hose.
- ABS1 Pro chuck.

1-FP-PRODR-V204

PRESSURE OVER DRIVE

- Integrated system to seat tubeless tires.
- Manually pressurized secondary chamber with a stainless steel foot release lever.
- 2.5-inch (63.5 mm) gauge (220 psi / 15 bar).
- Durable steel and aluminum construction.
- Extra long, high strength hose.
- ABS1 Pro chuck.

1-FP-DPRODR-V204

CLASSIC OVER DRIVE

- Machined steel barrel and piston with aluminum base.
- High volume for plus sized tires.
- 2.5-inch (63.5 mm) gauge (60 psi / 4 bar).
- Extra long high strength oversized hose.
- High volume ABS1 Pro chuck.

1-FP-CLODR-V404

CNC TRAVEL FLOOR DRIVE

- Compact, lay-flat design.
- CNC machined aluminum construction.
- Durable anodized high-gloss finish.
- Compact 1.5-inch (38 mm) gauge (160 psi / 11 bar).
- ABS Flip-Thread chuck.
- Felt lined canvas bag included.

1-FP-TFLDR-V206

STEEL TRAVEL FLOOR DRIVE

- Compact, flat laying design.
- Steel barrel & piston w/ machined aluminum base.
- Varnished wood handle.
- Compact 1.5-inch (38 mm) gauge (160 psi / 11 bar).
- ABS Flip-Thread chuck.

ABS1 PRO

- CNC machined aluminum and Composite Matrix construction.
- Thread-on design.
- Chuck "flips" for Presta and Schrader compatibility.
- Integrated Presta valve-core tool.
- Self lubricating brass swivel.
- Ergonomic 90° design.

HP (Red): 1-ABS1P-CHUCK-V111
HV (Orange): 1-ABS1P-CHUCK-V220

SLIP CHUCK

- Slip-fit, Presta only for ABS Flip-Thread chucks.
- CNC machined aluminum construction.
- Two-piece tool-free seal replacement design.
- Includes six replacement seals.

1-PRESTA-V1AL06

SPEED CHUCK

- Slip-fit, Presta only for ABS Flip-Thread chucks.
- Molded Composite Matrix construction.

1-RP-PRESTA-V1NY04

VALVE EXTENDERS

- 70 mm Presta valve extenders.
- CNC machined aluminum.
- Threaded tip.

1-RP-EXTDR-V1

DUAL VALVE HEAD

- Dual Valve chuck fits Presta, Schrader and Dunlop valves.
- Composite matrix construction.
- Aluminum locking lever.

MICRO FLOOR DIGITAL DRIVE HP

- 300 mm (11.8"), 208g / 160 psi, 11 bar.
- Portable pump with integrated highly accurate digital gauge.
- CNC machined aluminum barrel, piston, base and T-handle.
- Stainless steel footpeg creates floor pump-like operation.
- ABS Flip-Thread Chuck.
- Includes Composite Matrix frame mount.

DIGITAL ROAD DRIVE

- 180 mm (7"), 117g / 160 psi, 11 bar.
- Integrated low profile, highly accurate digital gauge.
- CNC machined aluminum construction.
- Threaded or slip-fit Presta compatible ABS Flex Hose with integrated valve core tool.
- Includes alloy frame mount.
- Anodized black and gold (top image).
- Integrates with compatible Lezyne bottle cages.

1-MP-DRDDR-V1S04

DIGITAL PRESSURE DRIVE

- 170 mm (6.7"), 122g / 120 psi, 8.3 bar.
- Integrated low profile, highly accurate digital gauge.
- CNC machined construction.
- Presta and Schrader compatible ABS Flex Hose with integrated valve core tool.
- Includes Composite Matrix frame mount.
- Anodized black and red (bottom image).

ALLOY DRIVE CO2

- Durable CO2 dispenser constructed from CNC machined aluminum.
- Trigger Valve Operation for easy and controlled inflation.
- Twin Chuck head threads on to Presta and Schrader valves.
- Integrated canister stores one 16g CO2 cartridge.
- Canister insulates hands from cold during discharge.
- Compatible with threaded CO2 cartridges only.

TRIGGER SPEED DRIVE CO2

- CNC machined aluminum dispenser with brass internals.
- Trigger Valve Operation for easy and controlled inflation.
- Slip Fit head presses onto Presta valve only.
- Neoprene sleeve insulates hands from cold during discharge.
- Available with one 16g CO2 or as a head only.
- Compatible with threaded CO2 cartridges only.
