In a minute we're going to get into:

- Whether world events, key indicators and the economy are likely to cause a US food shortage or even a worldwide famine.
- We will discuss media hype, crisis fatigue and how they can cause us to dangerously normalize the abnormal while willingly giving up our freedoms.
- We will discuss the most probably scenarios based on the current state of the world's food supply
- And before we're all done we will discuss a simple action plan you can take now to buffer your personal food supply so you have what you need to ride out the potential storm.
- And a LOT more.
