Damages

You shall return the motorbike in the same condition as it was when picked up. Normal wear and tear are covered in the rental, and we do full technical inspections of the rental objects before handing them over to the customer. Damages related to carelessness and incompetence will not be

covered and you run the risk of getting charged for things like uncommon scratches, dents, and damages. If the accident occurs, ASM's insurance covers transport of the motorcycle to the nearest workshop and transport of the customer back to us. ASM disclaims responsibility if a technical failure or accident occurs. It's important to point out that all motorcycles go through a full technical inspection before each rental.

Fuel

The motorcycle must be returned with the same fuel level as when it was rented. All our bikes take normal 95 octane from any fuel station.

Pickup and return

You are to pick up the rentals at the agreed upon time and same requirements for return. Any expenses the company occurs due to late pickup or return will be charged the customer.

General

All bikes will be delivered with a small chain spray, tool set and plug set, and attached FG-Approved lock. It is possible to store luggage at ASM free of charge. All our bikes will have a tracking device as Apple air tag attached to the key.
