

Pop-N-Go Light-Up Counter Display

**SKU:
TFCOPOPLU (w/ LED)
TFCOPOP**

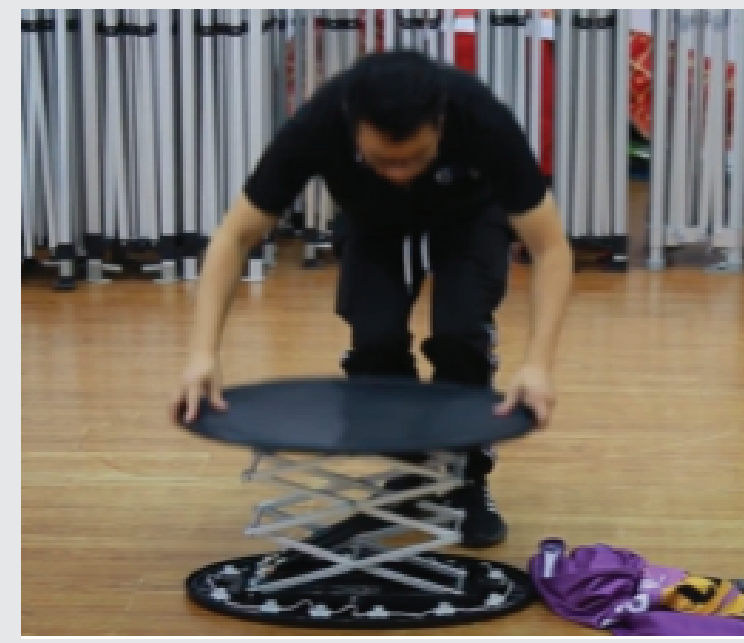

This is an upgraded product of our Spring Up Display Counter.

In addition to being able to pull up and lay down within 5 seconds, it's also equipped with bright white LED lights inside that will draw more attention to your booth!

Remove all contents of the bag.

1

Pull up the frame lightly and the frame is ready.

2

Insert the graphical fabric beginning at the top of the frame.

3

Push down the frame to secure the graphical fabric at the bottom part of the frame. Flip the frame for better convenience.

4

Secure the graphical fabric by tucking in the edges of the fabric to the sewn silicone strips. Silicone strips are sewn at the bottom and top of the frame.

5

Once the graphical fabric is attached, press the top board with your hands and it will rise automatically.

6

Remove all contents of the bag.

7

Open the zipper on the side of the graphical fabric to put the LED lights. Connect the power to supply and to light the lamps.

8

Your Pop-N-Go Light-Up Counter Display is now ready!
