1

Join the upright poles from largest to smallest - simply insert one end of the poles into the other and push them together.

2

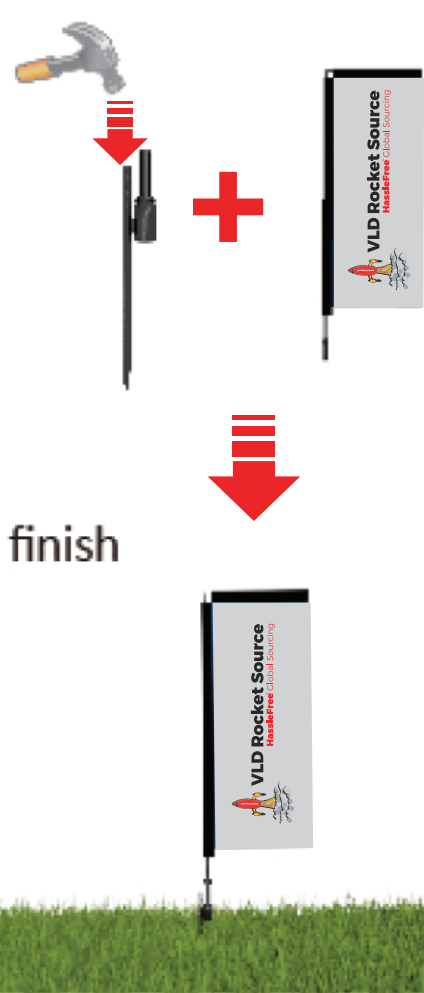

String bungee cord through the flag grommet.

3

Insert the flagpole 1 and 2 into the pockets of the flags separately, and then connect flagpole 1 and 2 together.

Option A

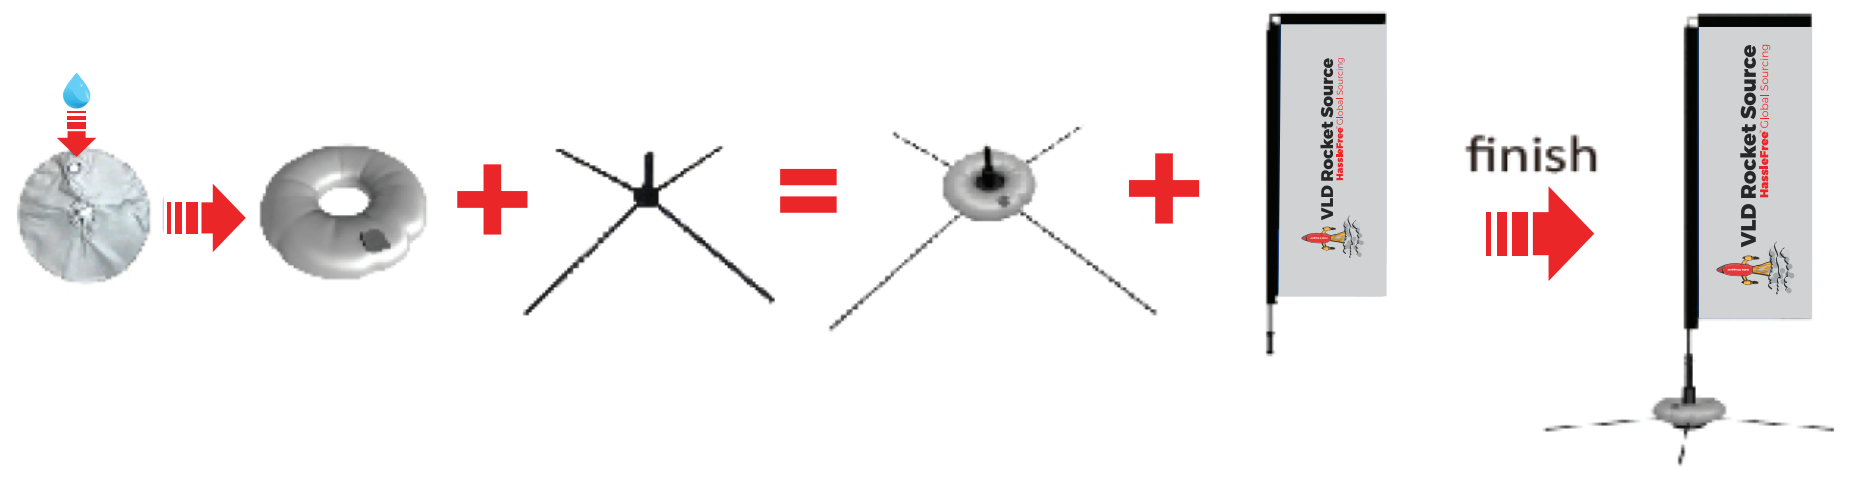

To install ground spike, hammer the top of the main part of the steel rod to install the ground spike.

Option B-1

MBS3

To install the cross base, hammer the top of the main part of the steel rod to install the ground spike.

Option B-2

MBS4

Hammer the top of the main part of the steel rod to install the ground spike. *Hammer 4 screws on the holes of the cross base on the ground.
