

PARKING LOT & ROAD SAFETY

PARKING LOT WHEEL STOPS

The RubberForm Parking Lot Wheel Stops, Parking Curb, or Car Stops help ensure vehicles stop at the proper location when parking - preventing damage to buildings, sidewalks, curbs and delicate landscape. Inside your facility, they function as bumper cushions and protection for motorized carts, fork lift trucks and vehicles operating in factories and warehouses. Ideal for all parking lots, parking garages and municipalities, wheel stops provide needed order by delineating parking spots and ensuring proper distancing.

RubberForm's 100% post-consumer recycled rubber wheel stops are a durable, reliable, long-lasting alternative to traditional concrete stops. RubberForm's Wheel Stops cost less to install and do not require heavy lift equipment. Studies have shown that over a 10-year-period, concrete wheel stops could cost six times more than recycled rubber wheel stops due to cracking/maintenance issues.

FEATURES

- 100% high-quality recycled rubber
- Temporary or permanent installation
- Flexible: conforms to any asphalt or concrete surface
- Less damaging to vehicles upon impact
- Resistant to extreme temperature variations, UV light, oils, moisture and damage
- All-weather easy maintenance: will not rust, chip, crack, crumble, corrode, or need repainting
- Easy to install, easy to move by one person
- October 2010 to RubberForm U.S. Patent #D625677
- Product Limited Lifetime Warranty from Manufacturer's defects (the competition: 1 year)
- Made in America

SPECIFICATIONS

- 38 lbs
- 4"H x 6"W x 72"L
- 8 large polygon stripes made from recycled plastic
- 5 mooring holes for lag bolts or rebar

MODELS

RF-PWS38DS

Polygon color options:
Safety Yellow, White, Handicap Blue, Eco-Green, Emergency Vehicle Red

Hardware

Lag Bolts, 14" Rebar, 24" Rebar, Chem-Link M1, No Hardware

RF-PWSYEC

Wheel Stops with yellow polygons and yellow end caps

Hardware

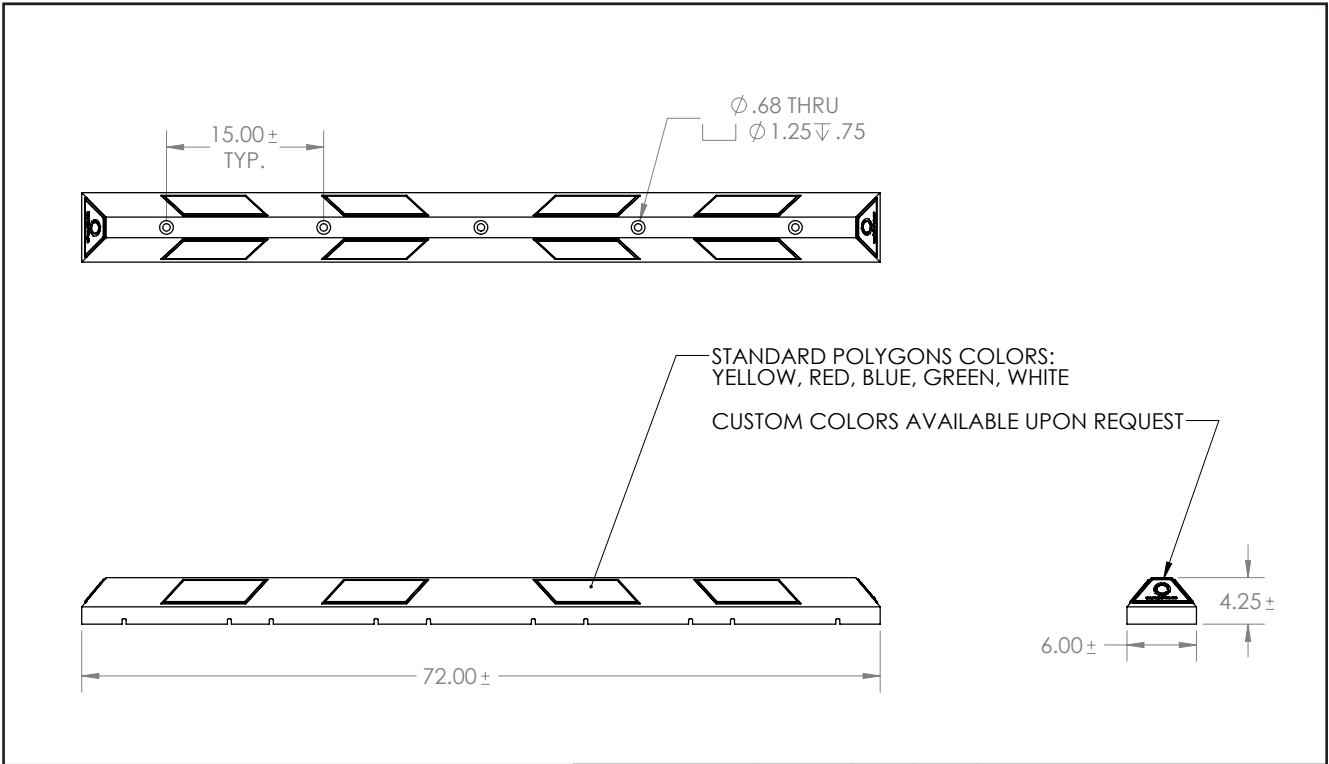

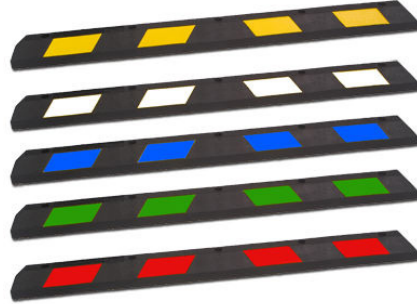

Lag Bolts, 14" Rebar, 24" Rebar, Chem-Link M1, No hardware

PARKING LOT & ROAD SAFETY

RUBBERFORM
RECYCLED PRODUCTS, LLC

MR. CRUMB FACTOID: One RubberForm recycled rubber parking lot wheel stop recycles 3 to 4 US scrap tires from an American landfill. Be sure you buy our American Made Recycled Product and not the foreign imports. Help clean up America first!
