7mm-08	120	SOLID COPPER SPUN (SCS®)	OAL: 1.2335" COAL: 2.780"	YES	20	758351721365

Fort Scott Munitions' (FSM®) 7mm-08 SCS® (TUI™) ammo is a match grade projectile made of solid copper and engineered to Tumble Upon Impact™ (TUI™) providing devastating stopping power. This round was designed as precision ammo for rifle hunters, the high performance qualities of the (TUI™) ammo make them ideal for taking down mid to large game at any distance.

Matchless Hunting Performance

If you are a hunter, you know that pinpoint accuracy is crucial in the field. That is why 7mm-08 SCS® (TUI™) ammo is manufactured from the highest quality components, to ensure consistently superior performance over other hunting ammunition. When you only have one shot, make it count.

Made to deliver significant soft tissue damage and bring your target down quickly, FSM® rifle ammo has excellent weight retention and penetration. Our Tumble Upon Impact™ (TUI™) design assures a swift, humane kill with every well-aimed shot. Perfect for shooting mid/large game and predators, the uniquely crafted and multi-patented shape delivers unbeatable precision.

Enjoy the freedom to hunt anywhere because our solid copper spun ammo can be used where lead ammo is prohibited. You can pursue game ranging from hogs, deer, and black bear with confidence, courtesy of the unfailing terminal effectiveness of the 7mm-08 SCS® (TUI™). This match grade ammunition has what it takes to get results with every squeeze of the trigger.

See Ballistic Brilliance in Action

Witness the ballistic superiority of the Tumble Upon Impact™ (TUI™) design for yourself. Take a look at our extensive testing that we have available for you, visit our YouTube Channel for more information. Our R&D team works tirelessly to provide you reliable ammunition that transcends traditional designs. As a result you can be sure that 7mm-08 SCS® (TUI™) ammo won't fail you when performance matters most.
