The Sign of quality
Your short reference guide

0333 2100 441
www.oneprinter.co.uk

Keep an eye out for our
Best Sellers

No matter what your signage requirement is
One Printer is the answer!

Health and Safety and Traffic Signage

With the largest range in the UK we've selected our best sellers for our new handy sized catalogue. And now you can find our full range online at www.oneprinter.co.uk.

When it comes to Health and Safety signage our team know current legislation and will ensure your sign is BS EN ISO 7010 compliant. So you can rest assured if you need a specialised sign developed it will include the correct text, imagery, font and colour.

With One Printer you get:

- High quality signs manufactured in the UK
- Quick delivery
- Friendly account management
- Guarantee that you'll be ISO 7010 compliant

Custom Signs

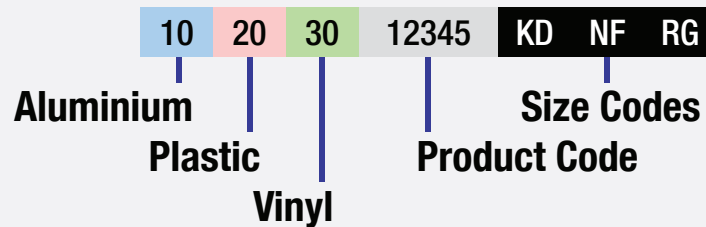

We know signage covers so much more than Health and Safety. With a huge range of materials, top quality printers and over 60 years experience we can help you find a solution to any requirement. See page 64 for more details.

Understanding the coding system

All of our standard products featured in this catalogue are identified by a unique product code, followed in most cases by a size code consisting of two letters or a size in millimetres, for example:

To order this sign in aluminium size 300 x 100mm
use the code: 10 12345 KD

Installation Guide

This is intended as a guide only. For further advice speak to our sales team on 0333 2100 441

Recommended installation heights:

Above doors: 2m - 2.5m from floor level to base of sign.
Directional wall fixed signs: 1.4m - 2.0m from floor level to base of sign.

Easy mount sign frames

These frames are an attractive and practical way to display your safety signage. Designed to fit our most popular size ranges and made from lightweight and durable anodised aluminium, they have an opening at the top to simply slide the signs in. For ceiling mounting, the suspended frame version comes with suspension wires and ceiling clips.

1. Choose either wall-mounted or suspended
2. Select size required and quantity needed
3. Suspended frames come with fixings but additional fixings can be purchased separately.
4. Wall frames will require screws suitable for your wall.

The Regulatory Reform (Fire Safety) Order 2005 states that all commercial premises must have a safety sign explaining what to do in case of a fire. Our full range of fire action notices are available online, however if you are unable to find one that fits your requirements please call the team who can help create one specific for your needs. These should be located at all fire alarm call points.

GENERAL FIRE ACTION NOTICES

Fire action

IF YOU DISCOVER A FIRE

1. Immediately operate nearest alarm call-point.
2. Attack fire, if possible, with appliances provided but without taking personal risks.

FIRE EXTINGUISHER IDENTIFICATION TO BS EN3 AND BS 7863

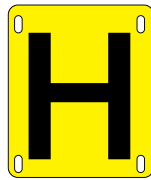

Under BS EN 3 operative from the 1st January 1997, all new certified fire extinguishers used in European Union countries must feature RED bodies. In line with familiar UK practice, BS 7863 allows manufacturers to affix coloured identification panels on or above the operating instructions covering no more than 5% of the body surface area and visible through a horizontal arc of 180 degrees when the extinguisher is mounted. The signs featured immediately below reflect the regulations.

HYDRANT PLATES

Hydrant plates supplied with figures as required.

Provide details of the pipe diameter in mm for the top section and the distance to the hydrant in m's for the bottom section.

10 11785 178 x 203mm

AIRHORN SIGN

Air horns are a good alternative to a fire alarm system if one is not available or suitable for your location.

All of our safety signs are fully compliant with BS EN ISO 7010.

- 60 06430 300 x 300mm Includes gas horn
- 60 06433 300 x 300mm Blank sign and clip
- 60 06434 300 x 300mm Just gas horn

NO SMOKING SIGNS

SMOKE-FREE BARS, CLUBS, HOTELS & RESTAURANTS
 Guidelines for Bar and Waiting Staff

The law
 From 20th March 2008 smoking is not permitted in enclosed public places, including bars, clubs, hotels and restaurants.
 Provisions cannot permit customers or members to smoke in these premises, if they do the staff have to advise them to stop.

Why
 Second-hand smoke causes lung cancer, heart disease and respiratory illness in adults and is a major cause of children's asthma.
 There is a duty for employers to protect their staff from second-hand smoke.

If someone breaks the law
 1. Draw their attention to the 'No Smoking' sign.
 2. Advise them that smoking is prohibited by the law and that you have the right to stop smoking.
 3. Advise them of any other smoking restrictions, such as beer gardens or smokers.
 4. Inform them that you are a member of staff and that you are not permitted to smoke.
 5. If a customer refuses to leave, you should inform your manager or supervisor.
 6. If threatened, seek assistance from the police. Do not put yourself in any danger.

SMOKING IN THESE PREMISES IS AGAINST THE LAW.

(Premises which have a roof and are not more than 50% of open air.)

Conforming to English and Northern Ireland legislation.

NO SMOKING
 It is against the law to smoke in these premises

Conforming to Welsh legislation.

Critical Control Points
TEMPERATURE VALUES - GOODS INWARDS

Fresh Meat	5 Degrees C
Minced Meat	5 Degrees C
Cooked Meat	5 Degrees C
Poultry - Fresh	5 Degrees C
Poultry - Frozen	-12 to -18 Degrees C
Eggs	8 Degrees C
Fresh Fish	2 Degrees C
Smoked Fish	7 Degrees C
Milk	7 Degrees C
Deep Frozen Food	-18 Degrees C

Check product for correct temperature. Check packaging and product condition. Check label - 'best before' or 'use by' dates. Reject product if not satisfied.

10 20 28 30 03000 JK

Critical Control Points
Refrigerators - Cold Rooms

Ensure that raw and cooked foods are stored separately. Remove wrapping materials from RAW meat and store the meat in a suitable container. Store RAW meat BELOW other foods. Ensure that items are stored correctly and allow for free circulation of air. Store strong smelling food in a suitable airtight container. Store foodstuffs in suitable containers. Refrigerators/Cold rooms should be regularly DEFROSTED and be thoroughly CLEANED with an approved odourless bactericidal detergent. Ensure that your refrigerator is operating at the correct temperature. Range 0 Degrees C to +4 Degrees C. Check that doors have good seals, are close fitting and are not left open unnecessarily.

Never store foodstuffs in open tins or cardboard boxes. Never store food on the floor. Never store hot foods in the refrigerator. Never use a knife or other sharp instrument to chip away ice when defrosting a refrigerator.

10 20 28 30 03001 JK

Temperature Control

KEEP FOOD OUT OF THE DANGER ZONE

KEEP hot food hot

KEEP cold food cold

REGULATIONS GUIDANCE POSTERS AND TRAINING AIDS

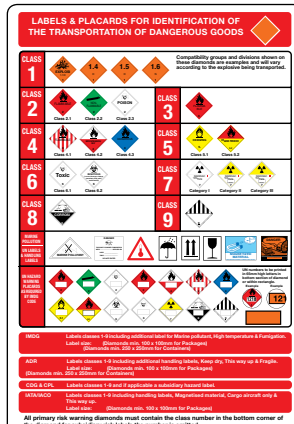

In some cases it is a legal requirement to display Regulations Guidance Posters, such as the Health and Safety Law Poster. The main benefit of displaying regulation posters is to provide employees with invaluable reminders of staff training and staying safe.

CLP REGULATION

The European Regulation on Classification, Labelling and Packaging of Substances and Mixtures (EC1272/2008) known as the CLP regulation came into force in 2009.

A two stage transition process with substances being re-labelled came into force on 1st June 2015.

All our labels are available in strips of 20 or 100.

CUSTOM SIGNS

Whether you are looking for a bespoke Health and Safety sign, or a personalised custom sign, our team of experts are able to help. We have been manufacturing quality signage for over 60 years, and have expert knowledge in a vast range of signage solutions.

Over the next few pages we have included some of our more popular services and products. If you can't see the service or product you are after please call our team for expert advice for a solution that fits your needs.

Our team can devise a complete project plan for your requirements, from initial visits to site, matching corporate manuals or devising a new concept.

WINDOW MANIFESTATIONS

Regulation 14 of the Workplace Regulations 1992 requires the marking of windows and doors to make them conspicuous to avoid accidents.

Our frosted crystal, etched or sandblasted vinyl designs provide the ideal safety solution, as well as enhancing the overall appearance of the area.

Add privacy to areas with a stylish interior design scheme.

Add character to an area with a modern design.

WAYFINDING

Sign systems are key for visitors to navigate their way around unfamiliar grounds and buildings.

Often they will be the first point of contact a customer or visitor has with your company, so it is crucial it leaves a good impression.

Key points to consider:

- Design and aesthetics
- Company name and logos
- Understanding the route
- Potential obstructions on the route e.g. height restrictions
- Potential confusion with other signage

Our sales team can advise you on the best wayfinding solution for your needs. For larger complex projects we can arrange a site survey to ensure every consideration is met.

Simple graphics and large fonts are ideal where navigation needs to be easy.

Bespoke totems provide a stylish solution to your signage system without compromising clarity.

Ensure brand identity throughout your signs.

You can use different sign systems to create your own effect.

SHOP FRONTS AND COMPANY BRANDING

We understand that your business has a specific style and requirement, the aesthetics around your building help to build your brand from the beginning.

Our team of experts will work with you to select the right material and format from a wide range including:

- 3D Lettering
- Cut Out Acrylics
- Stainless Steel
- Aluminium
- Vinyl
- Vitreous enamel

CUT OUT ACRYLICS

Using this technique against a brick wall helps to create a cosmopolitan look.

BUILT UP LETTERS

We use a premium technique and materials to ensure you have a sophisticated sign.

3D LETTERING

Helps draw the eye to your premises and creates high level impact. Integrated lighting or illumination further enhances the design.

VITREOUS ENAMEL

Ideal for prestigious and permanent locations. The signs retain their bright, vibrant colours for over 50 years.

DIGITAL PRINTING

Digital Printing is a versatile and contemporary medium allowing us to print high resolution designs onto a wide variety of vinyls, solid substrates such as aluminium, plastics, banners, acrylic and so much more.

With our state-of-the-art high end printers we are able to use Pantone and CMYK references to accurately reproduce corporate logos. We can also re-create artistic impressions and photographs.

If you have a question call our team of experts who can help find the perfect solution for your requirements.

HEALTH & SAFETY

We can tailor our entire range to fit your specific needs.

Our team of experts work with you to ensure you stay BS EN ISO 7010 compliant.

DISPLAY PRINT

Create the right atmosphere with vibrant graphics.
