

Enjoy this empowering story about all the different ways we can encourage our children to speak up to make a difference in their every day world. Take your time with the examples in the book, coming back to them again and again over time, discussing what's happening in the text and pictures and how your child

may feel or act in a similar situation. You may also discuss the examples of real youth leaders speaking up at the back of the book. Ask your child(dren) for other examples when they've spoken up or may speak up in the future.
