Striker Brands Expands Headquarters

HUDSON, WI – July 2017 – Striker Brands LLC announces that it has completed its office and warehouse expansion to more than double its warehouse and triple its office space. Due to very rapid growth, Striker has added new employees and expanded product lines, resulting in a need for additional space. Striker now leases more than 16,000 square feet at its headquarters in Hudson, Wisconsin. President Jim Poucher says, “Hopefully this expansion will satisfy our space needs for at least another two years. It is pretty apparent that we will need even more space after another two seasons of rapid growth.”
