

HPE RDX EXTERNAL DOCKING STATION (C8S07B)

Removable Disk Backup

WHAT'S NEW

- 4 TB cartridge and backup system, increasing backup and recovery capacity by 33 percent over the previous generation.
- Choice of disk capacities ranging from 500 GB, 1 TB, 2 TB, 3 TB and 4 TB.
- Compatibility across various operating systems and virtualization platforms.

OVERVIEW

Do you need a fast disk-based backup and recovery solution that can be installed in a single server or branch office? The HPE RDX Removable Disk Backup System is a reliable disk-based backup and recovery solution with unmatched portability, fast recovery and easy integration into a single server or branch office environment. It is rugged, removable, easy-to-use, and cost-effective for small offices or home offices with little or no IT resources. The HPE RDX Removable Disk Backup System is designed for harsh work environments where businesses need to protect, manage, transport or

capture large amounts of data in less than ideal locations.

FEATURES

Backup and Recovery Made Easy

The HPE RDX Removable Disk Backup System delivers a rugged, portable cartridge design protecting hard drive information and making transporting data between locations easy and more recoverable. Add a disaster recovery strategy to your business by simply rotating cartridges off site. off-site

Complement your cloud storage and implement best practices with a local backup copy that allows you faster access to critical data whenever you need it. Protecting your information both on- and off-premises.

Delivering hard drive data transfer speeds and built in anti-vibration buffers, to increase read/write speeds, lowering the time it takes for incremental or full backups. This leaves you free to concentrate on running your business.

As backup needs grow, you can easily and affordably expand your system by simply adding more cartridges - no new hardware required. The HPE RDX Removable Disk Backup System supports disk spanning so data can bridge multiple cartridges.

Compatibility across various operating systems and virtualization platforms makes it simple to adapt into any small business environment. You can also use Fixed Disk mode for automated backups via the native Microsoft® Windows® operating system.

Technical specifications

HPE RDX External Docking Station

Product Number (SKU)	C8S07B
Capacity	500 GB Without compression 1 TB Without compression 2 TB Without compression
Host interface	USB 3.0 Port per controller
Transfer rate	200 MB/sec
Media compatibility	Forward and backward compatibility with all current and future RDX cartridges and USB 2.0 docks
Load/unload cycles	5000, minimum cartridge usage life
Cartridge robustness	1 m, 39.4-inch (3 feet) drop to tile over concrete floor
Minimum dimensions (H x W x D)	249 x 92 x 168 cm
Weight	0.97 Kg
Warranty	3/0/0
