# GUIDED READING

# GETTING STARTED

Thank you so much for purchasing my  
Guided Reading Curriculum

Reach, teach, & LEARN

This unit incorporates all of the research-based best practices that must take place during your Guided Reading instruction for the maximum learning to be achieved by your students. The unit includes 6 Level N readers to help REACH and ENGAGE your students and help teach them the essential skills and strategies that they need to LEARN to become critical readers! We have to help our students grow into students who are learning to read into students who are reading to learn.

That is the ultimate goal of guided reading; helping our students to become independent critical readers where they can utilize their reading skills and strategies to succeed in all areas of their lives inside and outside of school!

### How Do Sloths Survive?

Sloths are not fast. They are not very alert. So how do they survive in the wild? They spend most of their time in trees. They sleep on branches, sleep on branches, and play on branches. They eat leaves off branches.
