

FIRST LOVE

SEASON 1/3
NEWBIE FC
DIVISION 1/2/3

Since you left Newbie FC, the club has had some financial problems: They had to sell the stadium to the town authority, town management changed in the last election, and now they want to sell the stadium to a big investor who plans to break it down and build houses in its place. This would mean the end of the club. After a long and successful career as the manager of many different clubs, you decide to go back to your first love. You feel you must save the club. And who knows what will come after that. You sign a 3 year contract.

SEASON GOALS

The club has asked you to complete the following Goals:

- » Reach the level of an 'Assistant of a Manager'.
- » Finish the Scenario at least at 4th position on the League table.

The club will also be impressed if you complete the following additional Goals:

- » Finish the Scenario on 2nd place or higher on the League table (if you do, gain 3 🏆).
- » Have the 🏠 at 5th level and at least one of the other tracks (💰, 🏠, 🏠) at 4th or 5th level (if you do, gain 5 🏆).

SETUP CHANGES

Setup the game as usual. Apply the following changes:

- » Begin the game with €-1.
- » Place an unused Office marker on the 0 of the **SPECIAL SAVINGS TRACK** at the bottom of this Scenario.

LONG-TERM GOALS

These goals must be fulfilled during the 2nd Scenario:

- » Buy back the Stadium.

SPECIAL RULES

- » **Save for the Stadium** - Next Season, after week 3, the Stadium will be sold. You need to bring in more money than the investor. It is rumored they will pay 10 € to 13 € for it. Your board of directors allow you to save up to 2 € per week. Each week during the End of the Week, you may pay up to 2 € to move the Office marker on the **SPECIAL SAVINGS TRACK** by 1 space for each € spent.
- » **Board Member test** - The directors have big plans for you. They want you to be part of the board. But are you good enough? During End of the Game, if the 🏠 is at 5th level and at least one of the other 3 tracks is at 4th or 5th level, you become a Board Member. From now on you may influence decisions during Board Meetings. The more tracks that are on the 4th or 5th level, the more powerful you will be. Note the positions of the Stat markers at the End of the Game.

SCENARIO RESULT

If you did not reach 4th place or higher on the League table or did not reach the level of an 'Amateur Manager', you lose the Scenario and are fired!

If you finish the Scenario at 1st or 2nd place, next Scenario you play a Division higher, if possible. Otherwise, play in the same Division. You may prepare for next Scenario.
