Phoenixes of the Sapphire Paradise Scarf

In Western cultures, it is said that the phoenix follows a cycle of death and rebirth. In Chinese mythology, the phoenix, or 鳳凰 (fēng huáng), is a divine being. Residing in the heavens, it is the most sacred and supreme of all birds. And, as you might have seen at a Shen Yun performance, this phoenix can also manifest as a carefree heavenly maiden.

Inspired by the Shen Yun dance piece, Phoenixes of the Sapphire Paradise, this scarf design depicts a phoenix fairy who dances amidst clouds in a heavenly kingdom.

The phoenixes in each corner of the scarf all carry a blessing.

The front design of the bag features metallic studs honoring her enduring strength, while the back design of the bag boasts elegant lines honoring her feminine grace.
