PRODUCT OF THE SPEN VALLEY YORKSHIRE

OUR COMPANY

TOG24 was founded by Donald Ward in West Yorkshire in 1958. "Big D" had been apprenticed as a millwright, repairing the looms of the then flourishing textile industry around Dewsbury.

OUR FACTORY

Based in the Spenn Valley town of Heckmondwike, initially producing footwear, branched out into sports bags and football kits in the 70's before finally landing on waterproofs and fleeces. As the brand grew in popularity skiwear and casual clothing were added. Whatever the product was, it had to fit into our motto...

OUR NAME

TOG24 stands for "Truth Over Glory Everyday". We're not about the "Glory" side of the outdoors; Planting flags on mountains or skiing down sheer ice walls, we're about the "True" outdoors that everybody can be involved with; walking with friends to the pub or skiing with the family to a bar.

OUR ROOTS

TOG24 is a product of our location in the Spenn Valley, Yorkshire; we try to do things right, we don't believe in the marketing hype that's out there and everything we make represents quality and value for your hard earned pound.

OUR FUTURE

TOG24 is still based in Spenn Vale Mills in Heckmondwike, West Yorkshire. We're still very much a family firm; Donald's sons and grandsons run the firm now, and we still follow our motto. TOG24 has continued to expand and in the future we hope our reputation for supplying high quality, value for money goods will continue to grow worldwide.

CORPORATE TEAMWEAR

We have been supplying businesses with their requirements for over 50 years and have now added a dedicated range for this purpose. The whole TOG24 range remains available to add your branding and along with our bespoke sourcing service provides a complete solution for your corporate or teamwear needs.
