- **1X TUBE OF SILICON SEALANT**

- **Fitting Instructions**

- **We advise that this product is fitted by an experienced motorcycle mechanic.**
- **Please check packing list before you start.**
- **Secure motorcycle on level ground using a paddock stand. Recommended!**
- **Remove standard silencer.**
- **Clean the cylinder port of old gasket material, dirt and carbon deposits.**
- **Insert new port gasket, holding in place with a small amount of silicon.**
- **Fit the down pipe.**
- **Fit the silencer with clamp on to the down pipe and fit the strap around the silencer and to the outside of the footrest hanger.**

- **Starting from the front, working rearwards tighten all clamps and fasteners.**
- **Start the engine and check for leaks.**
- **After your first ride out, check all fasteners for tightness, especially the baffle bolt.**
