

HIMALAYAN TRADING CO.

HIMALAYAN SALT LAMP USER GUIDE

Salt As Pure As The Himalayas

THANK YOU :))

Thank you for purchasing your Natural Himalayan Salt Lamp. At Himalayan Trading Co., we believe your living space plays a key role in developing a happier and healthier lifestyle. Himalayan Salt Lamps create a soothing environment by emitting warm lighting and releasing negative ions into the air. Along with their holistic benefits, a Himalayan Trading Original Himalayan Salt Lamp adds style and an artisanal touch to your home. Himalayan Trading Himalayan Salt Lamps are the highest quality on the market and we are proud to offer unique and inspiring designs.

To fully enjoy the benefits of our amazing lamps, please read and understand the important information and instruction included in this manual.

- Himalayan Trading Co. Team

ABOUT

Himalayan Trading Co. is the go-to company for Himalayan crystal salt worldwide. We are a family owned company that does everything from mining, to manufacturing, importation and distribution.

- This Salt Lamp is made from 100% natural and hand carved salt crystals imported from the Himalayan Mountains in Northern Pakistan.
- Due to the natural excavation process, lamp shape, color, size and weight may vary
- Each item includes a 15-watt bulb pre-installed within the lamp base.
- To prevent damage during transportation, the salt lamp will arrive protected with shrink-wrap. Please remove before use.
- Be cautious handling the lamp if left on for an extended period of time. The bulb will heat the salt and the surface of the lamp will become very warm.
- Cord includes a twisting dimmer knob that functions as a brightness control and ON/OFF switch.
- When turned on, this lamp will create a relaxing orange glow.

SAFETY INFORMATION

IMPORTANT: Please read, understand, and comply with all of the instructions provided in this manual before using the device.

- **ONLY USE 15 OR 25 WATT BULBS!!!**
- **DO NOT EAT:** This salt lamp is not edible, keep away from children and pets
- The lamp is for indoor use only. Avoid exposure to high-temperature sources, direct sunlight and moisture.
- **DO NOT** strike or drop the lamp.
- To avoid damage, move and handle with care.
- **DO NOT** wash with water or detergents. Do not immerse in any form of liquid.
- Due to the nature of salt, each crystal varies in color, shape, size, and weight.
- To protect the surface in which the lamp is placed, place a cloth or coaster under the lamp's base.
- If the salt crystal surface becomes moist, set the lamp to high and leave the lamp on to allow the salt crystal to dry.
- **DO NOT** replace the bulb while the salt crystal is damp.
- **DO NOT** allow cord or dimmer switch to be stepped on.
- Unplug your lamp during lightning storms or extended periods of non-use
- If power cord sustains any damage, stop use immediately. If water damage has occurred, stop use immediately.

If you require replacement parts, contact us at **833-482-7258** or email support@himalayantradingco.com

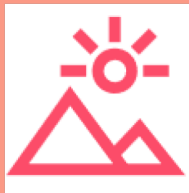

OPERATING INSTRUCTIONS

1. Place the salt lamp on a hard, flat surface.
 2. Plug the power cord into a powered socket.
 3. Turn the dimmer control to turn on the lamp.
 4. Turn the dimmer control to adjust the lamp brightness.
- Please remove the polybag & bulb cover before plugging in the lamp.
 - Make sure the dimmer cord, bulb & salt lamp is completely dry before plugging it in.
 - Do not leave lamp cord on or near carpet, paper, fabric or anything flammable.
 - Use maximum of 15 Watt bulb for Himalayan salt lamp.
 - Visit www.himalayantradingco.com for FAQs and instructions on changing the bulb.

POPULAR USES

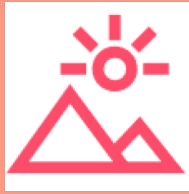

- Bedrooms
- Workspaces and offices
- Living Rooms
- Restaurants & Hotels
- Therapeutic & Meditative Rooms
- These lamps make for a truly unique gift for anyone.

CLEANING & MAINTENANCE

- Salt lamps are known to be hygroscopic, meaning they absorb moisture from the air. It is recommended that these lamps not be used in humid or moist quarters, for example shower rooms, bathrooms or humid outdoor patios.
- If you live in a humid climate, please be aware that your lamp may absorb moisture and drip. Make sure the salt body is dry before turning on. If your lamp is slightly damp, unplug and wipe with a towel before use.
- If you notice that your lamp is "sweating" while turned on, wipe it down with a paper towel and place a dry rag or towel evenly underneath the base. DO NOT use a paper towel or any type of plate to catch the water. Puddles of water forming under or around the lamp base can increase the risk of fire and/or shock .
- To clean and remove dust, wipe lamp gently with a slightly dampened towel or sponge. Dry with towel and allow the salt lamp time to dry before turning back on.
- If you plan on leaving your lamp off for weeks or days at a time, it is recommended that you store the salt lamp within a seal plastic bag or container to prevent the buildup of moisture within the salt.

Sometimes household pets (mostly dogs) instinctively lick the lamp to replenish minerals in their bodies. Indus classic salt lamp is not intended for consumption; however it is made out 100% natural salt and is not hazardous to health.

SPECIFICATIONS

- Input: 120V / 60Hz
- Light Color: Orange
- Power: $2.5W \leq P15 \leq W$
- Length of Power Cord: 6 ft
- Recommended replacement bulb: 120V AC, 15W, 60Hz, Candelabra E-12 base.
