LAKE DISTRICT

EVERYONE HAS A STORY

Inspired by vintage treasures, decorative textiles and admired artisans, Fable recreates stories with modern design and the finest handcraft.

Our Lake District collection draws inspiration from classic storyteller Beatrix Potter, her support of The National Trust and conservation of the great British countryside, particularly the fabled Lake District.

Cosmetics bags with aptly named collections: Winter Hill, Velveteen Fox, Potter's Garden and Grasmere, include motifs of a nostalgic fox shimmering in velvet and a quintessential floral embroidered tweed. Fable's debut handbag

portfolio infuses the latest trends with its signature golden bee and themed linings. The collection carries contemporary rucksacks, bucket bags and favourable cross-body styles.

The scarves, chic and luxurious to touch, were designed with our signature motifs to wear perfectly with the new jewellery collection.

In its second season, a touch of sparkle has been added to the jewellery collection of crystallised acorns, shimmering bees, exquisitely painted enamel foxes and adorably detailed rabbits.
