

Qualsafe Combined First Aid at Work & Paediatric First Aid Course

Course Description

Combining the QA Level 3 Award in First Aid at Work (RQF) and the QA Level 3 Award in Paediatric First Aid (RQF) into 3 extended days of classroom learning, this specially designed course provides Learners with all of the skills and knowledge needed to provide both adult and paediatric first aid, whilst minimising the number of training days required to achieve both qualifications.

Who Should Attend?

Streamlined perfectly to avoid the duplication of topics associated with attending both the First Aid at Work and Paediatric First Aid courses separately, the Combined First Aid at Work and Paediatric First Aid course has been specifically designed for those who work in settings that require both First Aiders and Paediatric First Aiders, such as schools, sports clubs or other childcare settings.

Course Information

Three Day Course

Learners will develop the knowledge and practical competencies needed to provide effective first aid for adults, children and infants. Topics include:
