

# Ring Size Guide

Before measuring your ring size, be sure this guide is printed in A4 size and scaled to 100%. You can check the accuracy of your print by positioning a credit card on the line below or placing the correct coin in one of the labeled ring sizes. If the card or coin lines up, you're all set.

## Option 1: Measure By Matching Your Ring

circles below. When your ring has been placed on the right size, you should see only the white circle—with no blue space—inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger size.

## Option 2: Use Ring Sizer to Measure Ring

After you cut out the ruler, carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit. To make sure the ring will fit comfortably, we suggest also measuring your knuckle.

Sizing availability is specific to each product, though some larger rings can be sized down. Ring size may also vary slightly depending on style of the ring.
